**YEARLING RED AND BLACK ANGUS BULLS**

# FROM THE DESK AT T BAR

Welcome to the 24th Annual Triple A Angus Bull Sale, Saturday April 10, 2021 at the Johnstone Auction Mart, Moose Jaw, Saskatchewan. Consider the fact that this sale is nearly a quarter century old, as we think that a year of COVID-19 feels like a lifetime. The success of this event is directly correlated to the strength of the cow herds. All the breeders who are a part of Triple A have moderate sized cow herds which does not justify their own stand-alone sale... yet these seven breeding establishments, combined, results in a powerful lineup of bulls giving you an advantage... an Angus advantage.

Of the 63 yearling bulls on offer the majority are black, along with Triple H's seven red bulls. For the most part, the bulls are AI sired and encompass the "who's who" of the Angus breed. Performance with calving ease is a main criterion, and these breeders have concentrated on docility, muscle shape and hair. As you read through this catalogue you will see by the weaning and yearling weights, that the bulls are out of highly productive females and as a bonus these bulls will have high maternal tendencies.

The bulls can be viewed at Hagerty Livestock located 5.6 miles north of Highway #1 on Kalium Road near Belle Plaine. They will be at the sale barn on Friday, April 9th. Feel free to call anyone of these progressive breeders to discuss their bulls and the bull that will fit your breeding requirements.

Plan to be with us in person or online and add new genetics into your breeding program and enjoy the Angus advantage... it will be well worth your trip!

If we may be of assistance, prior to or sale day, feel free to contact any of the T Bar team or myself, we will help you in a professional manner.

*Chris Poley*

## DEFINITIONS:

- BW – Birth Weight – all weights are measured in pounds.
- 205 – Adjusted Weaning Weight
- AOD – Age of Dam
- Proj Wt. – Estimate of Sale Day Weight

# TERMS & CONDITIONS

### TERMS...

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final.

Announcements made from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

### CERTIFICATE OF REGISTRATION...

Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

### PEDIGREE ESTIMATES...

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

### HEALTH...

All animals in the sale have met all necessary health requirements.

### GUARANTEE...

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

### INSURANCE...

We strongly recommend that insurance is purchased for full value.

### PHONE, MAIL & WIRE BIDS...

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

### Can't make it to the sale? Watch & Bid Online.

With DLMS you can Watch, Listen & Bid on your computer just like you were there with online bidding over the internet

## LUNCH SPONSORED BY

### LIABILITIES...

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any obligations to collect or enforce collection of any monies between parties and any legal action that may, in extreme cases, be taken must be between buyer and seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility of any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

### ERRORS...

All announcements at sale time, written or oral, supersede any written material in the catalogue.

### DELIVERY...

Delivery can be arranged at a cost of \$100 per bull within 300 km of Moose Jaw. If you are over 300 km we can assist you in making travel arrangements at cost.

Payton and I would like to welcome everyone to the bull sale. We have put together a nice group of bulls this year, having a strong AI influence on both the sire and dam's side of the pedigree. There is a blend of calving ease, performance and sustainability in them. See you sale day. Please call for any more info 306-536-1927.

Sired by our lead off bull from a couple years ago that weighed over 1700 lbs. on sale day with a scrotal of 41 and ranked in the top 10% in breed for WW, BW, RE and Scrotal. We had the opportunity to use him on a few of our cows. 618D has a picture-perfect female from Six Mile that has perfect feet and udder. Nice bull in a moderate framed package.

If you came to the sale looking for a calving ease bull here he is. Motive crossed on a Final Answer daughter; two of the most notable calving ease sires in the industry. 13F is a picture-perfect female and did such a good job on her first calf we bred her back the same way and have a full brother this year. This guy has a lot of style with a BW of 1.5 and a YW index of 102. Great spread in his numbers

Here's a bull that I am really excited about. You will make a lot of miles to find a bull that checks all the boxes like this guy. 1D is a no miss cow that is impeccably uddered, deep bodied, with great disposition. 11H is big topped, deep, soggy and has that herd bull look. Weighed 900 lbs. on Oct 12/20, no creep. BW 1.3, WW 60, YW 107. **Terms to be announced at sale.**

These are the fourth set of bull calves for sale sired by J.D. He has an outstanding pedigree, great EPDs and was the Reserve Intermediate Bull Calf Champion at Agribition in 2015. He is sired by the \$400,000 bull, International. His dam, Werner Black Angel 1299 is one of the breed's most complete donor females in the Angus industry. When we purchased J.D. from Jackson Cattle Company. J.D.'s calves were just what we were looking for; his calves continue to exhibit the same tremendous length of body, depth, easy fleshing, moderate birth weight with an easy-going disposition. J.D. is siring calves that will get the job done

Welcome to the 24th Annual Triple 'AAA' Bull Sale.

2021 marks our 25th anniversary in the Purebred Angus business. 25 years pales in comparison to some breeders, but for us it is an exciting milestone. Our herd has been built up over the years and maintained at 50 cows. We take great pride in our breeding females and sire selections. Our sale bulls and replacement females have found homes in both commercial and purebred herds. We've met some wonderful people and made great friends through all of this.

It is our wish that you can appreciate the progress and contributions our program has made to the industry through the years. A sincere thank-you goes out to all past and future buyers.

Ken, Sandy, Aaron, Jared & Karina

This year we chose Werner Flat Top to complement our breeding program. He adds both calving ease and growth. We are very impressed with his calves this year. The females are being retained in our herd. Calving ease is on both the top and bottom of the pedigrees. 3 of our 6 bulls have the same Tibbie granddam.

We invite you to have a very close look at Lot 16. This guy ranks as one of the best bulls we have raised to date. He is out of a gorgeous PA Fortitude daughter that goes back to Black Ridge Gammer 23Y, the dam of our past herd sire, Big Split 19A. Calving ease all around.

Welcome to this year's Triple A Bull Sale from all of us at Triple H. We are proud to be part of such a great group of like-minded consignors. The 2021 sale marks 10 years for us and we are very pleased to see how the quality of all the bulls in this sale gets better every year. Being able to pick from a variety of sire groups and cow herds is a great advantage for any perspective buyer. We feel this is our best set of bulls to date and look forward to the opportunity to discuss our offering with you.

We have a strong group of red bulls on offer this year and we start them off with this Outlander son. This dark red, smooth made, long spined fella will catch your eye. His sire, Outlander 52E was the Junior Bull Calf Champion at Lloydminster Stockade and Bull Calf Champion in the Spring Division at Farm Fair 2017 in Edmonton. His dam, HRA Lana 29A traces back to Glacier Logan (Elite) and Fully Loaded 540R (designated Elite 2020). Lots of longevity in this Lana cow family, her dam 7H produced her last bull at 16 years old and granddam was 18 years old. Lana 29A also raised our current herd bull, HRA 103G which we showed at the Sask Angus Century Sweepstakes in 2019. HRA 34H has good balanced EPDs with an 84 lb. BW and 205 WT of 762 lbs. Could be used on cows or heifers. Born March 1st and Projected Sale WT of 1403 lbs.

Another Outlander son out of a three-year-old New Direction dam, HRA 2E. Her first calf was selected by Jasmine Breeder from Golden Willow Ranch and on her second try she had this long spined, good haired, deep bodied bull. Good EPDs: weaning weight top 7% of the breed and yearling weight top 6%. This guy will add some pounds to your next calf crop. BW - 87 lbs., 205 WT: 758 lbs. and 365 WT: 1403 lbs. Could be used on cows or larger framed heifers. Born March 7th and Projected Sale WT of 1497 lbs.

We have always admired the consistency of the Hoover No Doubt progeny so in the spring of 2019 we decided to buy a Hoover No Doubt son, PDAR 307F out of an Easy Decision/S A V Iron Mountain dam. We are very happy with the quality of the bulls and he has sired an impressive pen of replacement heifers. Quality herd bull here! No Doubt 39H is a chunk of a bull, wide topped and deep ribbed. His Vision Unanimous dam, HRA 36C has a beautiful udder and is one of our top cows. His S A V Density granddam has 12 registered progeny. HRA 39H will add size, growth and pounds to any calf crop and will sire great replacement heifers with longevity. With an 89 lb. BW we recommend him for cows. Good EPDs: WW top 10% of the breed and YW top 9%. Born March 4th with a Projected Sale WT 1485 lbs.

Attention red breeders, this guy goes back to Triple H Intuition 14B (S A V Brilliance x Hoover Dam) this makes him one of the first red hided bulls to carry this type of pedigree. His dam is a no miss Smokin Jo granddaughter who had a son sell in last year's sale and dropped an 83 pound bull calf sired by the great Mulberry this February. 13H is good footed, correct in his lines and is a safe choice for the heifer pen. He's got a great look to him and a new twist for a pedigree. BW 80 lbs. and Projected Sale WT of 1432 lbs.

More of a performance type bull, 43H has been one of the standouts right from birth. His dam has four daughters working in our herd and two daughters working in other purebred herds. His sire, Little Deep 17E (TR Little Deep 285B son) has done a great job for us as well. Lots of maternal quality in this guy's pedigree. If you're after a bull to make great replacement females and heavy weight sons, give 43H a look. Born March 4th with a Projected Sale WT of 1449 lbs.

79 lbs.	782 lbs.	940 lbs.	1436 lbs.	1694 lbs.	8		

Here's a +10 calving ease Fortitude 2500 grandson, with a 79 lb. BW, 205 WT: 782 lbs. and 365 WT of 1534 lbs. HRA 51H is a smooth made, soggy, deep bodied, wide topped tank of a bull. Above average EPD's: CE (Top 9% of the Breed), BW (Top 10%), WW (Top 5%), YW (Top 3%) and MCE (Top 4%). His Dam FV 342Z (Final Answer/Net Worth) is one of our best foundation Angus cows (maternal grand dam to Minburn Intuition 23D) with a great udder and sound feet at 9 years old, we plan on flushing her this spring. If you're planning to breed some heifers or cows here's a Bull with incredible performance. Born March 6th and weighed 1436 lbs. on Feb 17 with a Projected Sale WT of 1684 lbs. **We would like to retain 100 straws for in herd use to be drawn at Buyer's convenience and our expense.** Top gaining bull with WPDA of 4.12 lbs. Check him out on Sale day.

 Direct Off-farm Sales every Thursdays at 10:00 am

Our first Angus females arrived in 1980. We would like to thank the many repeat customers who have selected Hi Low Angus genetics for the last 40 years. For the past 24 years we have marketed our bulls through the Triple A Sale. Every October our members deliver the bulls to Hagerty Livestock. All the bulls are developed throughout the winter exactly the same. I believe the value of the Triple A offering is a group of bulls you can assess on the merits of their genetics and not on the variation of the breeder's feed wagon. I welcome the opportunity to help you select a bull that will fit your program.

Thanks  
Dan 306-581-7606

Welcome to the 24th Annual Triple A Bull Sale. Together with my wife, Sheila and son, Jason, we are offering nine bulls that we feel should work well for a commercial or purebred herd. We operate a smaller herd that was started by my father and uncle nearly 80 years ago.

If you have any questions or would like to see the dams of the bulls, please don't hesitate to call.

Cow Bull.

The cross of Power Up and Erika makes for a unique mating. He is stout, has volume, a good foot, lots of hair. We believe he will produce excellent females and crush the scale with your steers. Erica is one of our prize possessions and is destined to be flushed all summer! We have kept every daughter off of her and she has raised two herd bulls, one to Triple L Angus and another to Mark Petras.

Cow/Heifer Bull.

Whether you are looking for a heifer or cow bull this guy better be marked high! He has depth, is heavy muscled and long spined. His dam has a tremendous udder, lots of hair and very docile. A shoe in calving ease bull that has extra length and stretch and won't sacrifice pounds come fall time!

Heifer/Cow Bull.

If you are wanting maternal value this Ransom son should be at the top of your list. His gorgeous uddered dam is hard to pick a hole in and the Ransom daughters are heavy milking, easy keeping cattle that are always valuable. He is moderate in size with tons of spring of rib and square hipped. A maternal brother sold to Darrell Morvik.
