# Welcome to Our Sale

Welcome to LaBatte Simmentals 43rd Annual Spring Bull and Female Sale, Friday, March 3, 2023 at Johnstones Auction Mart, 4 miles west of Moose Jaw, SK, on #1 highway, north side of the road.

We would like to thank again all the bidders and buyers from our past sales. Your continued support and effort to attend our sales is very appreciated. Lots of our past customers have become good and close friends over the years and that is very important to us as well. The sales just don't happen without a strong support at home either. First of all, I'd like to thank my wife Brenda, for her sharing me with the Simmental breed, she has spent many a night alone while I was visiting customers, going to a sale or show. I've put a lot of miles on in the last 50 years going to Simmental functions. I would like to thank my son, Lynlee for taking care of the grain side of our farm and looking after our 400 commercial cow herd. His wife Hayley, is a real asset to LaBatte Simmentals as well, her and the boys are willing to help anytime, she gets the Simmsational heifers ready, helps me with the ads and marketing. Wade Lund has also contributed, been a great asset to the success of LaBatte Simmentals. He's been with us for 22 years now and his loyalty and dedication are greatly appreciated. Also, our night calving watchmen, Dale Ehrhardt has been here many years. He kinda retired this spring but I got him talked into coming again this winter. Our oldest grandson Brodyn is off to college in Olds, AB right now. He has a lot of interest in continuing LaBatte Simmentals in the future. It takes a whole team to make these farms and cattle operations work and we're lucky to have a great team.

Again, we welcome our guest consignor East Poplar Simmentals, Kyron and Kelsey Manske. They will be bringing about 20 black and red simmental bulls to the sale. Firstly they are great people, they're dedicated to the Simmental breed and raising the right kind of cattle. They've been building numbers, buying new genetics and purchasing semen packs on some of the elite Simmental bulls in the business. Them and their two young girls will help lead the great Simmental breed into the future along with so many young breeders that are doing a great job continuing the legacy of Simmentals.

Our offering consists of red, black and fullblood bulls and 10 top quality open heifers. Our red pen again is one of the strongest ever, led by our new exciting red herdsire, Perks Potent 309H, the highest selling bull from Perkins Land and Cattle. His calves are everything we thought they would be and even better. Again, a super set of bull calves out of the easy calving WLB Top Tier 456G bull, these calves come easy, are stout made and some are blazed faced. Also, a few IPU Dillinger 80B sons. This 2Y son is the go-to calving ease specialist and daughters are beautiful uddered. The black program is led by RF Caliber 014G, the \$150,000 Structure son that sold in Rancier's bull sale in 2021. This bull is the real deal, siring awesome bulls and heifers. We were lucky enough to purchase a semen deal on him and we couldn't be happier. This bull has a bright future ahead of him. The fullbloods are led by Elevation, French Attack and Canon sons, some polled. They're colored right and are thick and soggy. The 10 heifers are a great bunch led by a homozygous polled full fleck heifer. The reds are outstanding as a group and the black are very good too.

Again, we invite you to our 2023 Annual Bull and Female Sale. Our 43rd edition, on Friday, March 3 at Johnstone Auction Mart, Moose Jaw, SK. The sale will also be carried on the internet through DLMS (Mark Shologan at 780-699-5082). The bulls will be available for viewing on Wednesday, Thursday and sale day Friday at Johnstone Auction Mart. Even better yet, come to our farm and see the bulls and dams prior to the sale. The coffee is always on. If you have any questions on the offer call me at 306-815-7900 or Kyron at 306-267-7530. We'll try and answer your questions and go over the bulls with you and recommend which bulls we think would work for you and your program. Or call any of the knowledgeable sales staff to evaluate the offering for you.

P.S. Grandkids are growing up way too fast. Brodyn is in college at Olds, AB already, can't believe that. The other boys are kept busy with sports, 4-H and helping on the farm. The girls are into sports as well. Just going, as I write this, to watch all three play basketball, two on the senior team and one on the junior team. Grandkids are the best.

# Sale Day Information

## Sale Day Phones:

Barry's Cell: 306-815-7900  
Wade Lund: 306-815-7520  
Kyron Manske: 306-267-7530

**Bull Sale Videos:** Available in mid February at [www.cattlevids.ca](http://www.cattlevids.ca), [www.transconlivestock.com](http://www.transconlivestock.com) and [www.bohrson.com](http://www.bohrson.com).

**Photography:** LaBatte Simmentals - Prairie Pistol Designs, Melissa McRae & helper, Emma Falconer.

**Health:** All bulls will be scrotal measured and palpated. Bulls over 12 months of age at time of testing will be semen tested. Bulls under 12 months of age at time of testing will be semen tested prior to delivery. Weights will be posted sale day. All bulls and heifers were given Cattle-master 4, Somnustar PH and Fortress 7 in June and boosted with same in September. All were treated with Ivomec Pour-on in September and January.

**Delivery:** At the buyer's option and risk, LaBatte Simmentals and East Poplar Simmentals will take the purchaser's bulls home, feed them under their management and deliver them FREE anywhere in the prairie provinces to your nearest central location. We will do our utmost to deliver them right to your yard. Delivery will take place between April and the middle of May. For bull buyers outside the prairie provinces, LaBatte Simmentals and East Poplar Simmentals will work with you to help co-ordinate delivery. The bulls are the property of the buyer as soon as they are sold. Therefore, buyers must insure their animals for the time they are at LaBatte Simmentals and East Poplar Simmentals. The heifers will be delivered as soon as possible after the sale.

**US Delivery:** For our U.S. buyers that live in the Dakota's and Montana, we offer free delivery to central points and if possible right to your yard. For bulls going to other destinations we will work with you making arrangements. We look after and pay for all paperwork crossing the border and do offer a sight unseen purchase program.

**Internet Bidding Available:** If you are unable to attend our sale, please join us by viewing the sale live online at [www.dlms.ca](http://www.dlms.ca). For more information and help getting approved for bidding, contact Mark Shologan - 780-699-5082.

## Guarantee:

All animals will carry the standard breeding guarantee as specified by the Canadian Simmental Association. At no time shall the seller's liability exceed the purchase price of the animal.

**Terms and Conditions:** The sale will be conducted under the standard Johnstone Auction Mart Ltd. Terms & Conditions.

**Accidents:** Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

### EPD's

BW	WW	YW	M	MCE	MWW
99	109	159.8	29.4	2.3	83.9

Perks Potent 309H has exceeded all our expectations. We purchased him along with Circle 7 Ranch (The Oberle's) out of the Perkin Land & Cattle Co. sale in Manitoba. Darren Pagent told me about this bull in January that year. A few days later I went and seen him and wow!

Thick, deep, dark red, great haired and a real herdbull presence about him. I had Wilf Davis go and look at him too. He too was impressed, so we waited through all of the spring sales sitting on our hands waiting for Potent to sell mid March. In a hotly contested battle we manage to get him for \$70,000. One of the best herdsire investments we've made.

Potent is siring thick, deep, soggy, good haired bulls that will highlight our bull sale this year. There will be about 18 sons in the sale this year, many of them features. As an added bonus his mother is an outstanding female that is in Daryl's donor program. Potent has a different pedigree than most cattle giving us the opportunity to breed any cow in the herd to him. He will be leading our genetics into the future!

## Lot 1 - 80K

IPU 86C Ms Brooks 99J - Maternal Sister to Lot 1

### HOMO POLLED

We're starting off the red section of our sale with a Potent son that we think is one of the best bulls we've ever raised. He weaned off his mother at 990 lbs and had an Adj 205 day weight of 900 lbs. He is super stout, deep and soggy, long, great testicle development and structurally correct. He also has that herd bull presence and look about him which I think is very important. His dam has never missed, she just had her seventh consecutive calf a few days ago. In last years sale, a Brooks daughter of hers was our high selling red heifer selling to Crossroad Farms for \$11,000. This is her third son to go through the ring at our bull sale. We believe this bull is exactly what the Simmental industry wants now. He has the power, performance, and the look we are wanting.

A True Sale Feature!

#### **HOMO POLLED**

Another excellent Potent bull out of Hayley's 6A cow who has done a great job for her. She's due shortly to have her ninth calf in a row. That's fertility! This Potent son is as dark as they come, very smooth, long, big top, stylish and has an excellent disposition. I would keep every heifer off him as with 6A, the females should be keepers. He has a nice 90lb birthweight, really good set of EPD's – just a really good bull.

#### **POLLED/SCURRED**

Here's a commercial man's dream bull that will raise these soggy heavy steers that are so in demand today. He's half Fleckvieh, full of meat and muscle, great haired, dark red and has a nice blaze on his head. We bred a few Fleck cows to Potent and you can see here the results.

His mother is a really nice, good uddered Black Gold Elevation Fleck cow that in last years sale her Philosophy son sold to Reiten Holdings of Gladmar, SK. 37K will be noticed sale day and if you're into EPD's he is above average in 12 of the 13 traits. Don't miss out on this guy, his calves will be sale toppers.

### HOMO POLLED

Again, another real sale feature! A Potent son out of the great Horizon 21A cow who is the mother of IPU Lieutenant 24E also. 114K is an embryo calf and we have two really good full sisters to him in the replacement pen. This powerful bull is the real deal. He had an actual weaning weight of 965lbs and an adjusted weaning weight of 906 lbs, now that's performance in a year that our pastures were not good as we were in another drought year. We love how smooth he is, his muscle shape, depth of body, his overall length, has a great hip and stands on a good set of feet and legs. His mother is probably the best Horizon cow we own, beautiful udder, deep and exceptionally long. Just a real brood cow. She will be entering our transplant program again this year. So if you're looking for a herdbull to put power, muscle and length into your calf crop, 114K is the bull.

## Lot 8 - 99K

### HOMO POLLED

A grandson of the great IPU 52N Pocahontas 2Y cow. Her daughter, a Springcreek Spark Plug female is a really nice female, she's good uddered, very feminine and stylish. This is her third bull calf we sold through our bull sale both going to really good commercial operations, Wayne Peterson of Ogema, SK and RBD Ranch, Dean and Barry McKim of Milestone, SK. 99K has a nice low birth weight and a super set of EPD's. You'll want to keep all of his heifers and put them in the replacement pen. With his pedigree and type he's a no miss bull.

IPU 52N Ms Pocahontas 2Y - Granddam of Lot 8

### HOMO POLLED

A dark cherry Potent son out of a good Kuntz Sheriff cow that has done it before. Her first son to sell through the bull sale was IPU Dillinger 14E, the bull that's done such a great job for Lockhart Valley Simmentals of Rimbey, AB, the Robson family - Lee Tina and Hannah. He was an IPU Dillinger son. She's since put three more sons into commercial herds and now coming with her fifth bull to go through this sale. That's production! Again, another bull with a super set of EPD's, all above average but one. If I had some white or tan Charolais cows and wanted to make some tans and add some maternal value to your heifer calves, this is a bull to look at.

### HOMO POLLED

This is a bull we are high on too. He's been a great calf right from a young fellow. He's really thick, deep ribbed, big topped, dark colored and has a great hair coat. His mother is a Northern Red daughter, she has produced another really good one. Her first son to go through the sale was her first calf an Exceed son, that was really nice made and sold to Redrich Farms, the Dietrich family from Forestburg, AB. Combine 028F and Perks Potent and boom! This calf has a lot of potential whether it be to a purebred breeder or a good commercial operation. I think with this offering of Potent sons, you can see what he's doing for our program.

**HETERO POLLED**

Again, another half Fleckvieh red polled son by Potent. That combination has really worked. His Fleck mother is a really good polled Guerrero daughter with a good udder. I really like these half Fleck, red and black females. They are producers. 131K is dark red with a little blaze on his face, he's deep and thick and again has a really good set of EPD's. He should sire those deep, thick performance calves that top the calf sales at the auction marts and fill your keeper heifer pen with his daughters.

Lot 11 - 131K

12

**HETRO POLLED**

A really good Potent son that's dark cherry red with a nice blaze on his face. He's deep, good quartered, big topped and smooth made. His mother is a great uddered, dark red Brooks daughter that goes back to one of our old great Hart Red Chief cows that was really productive. These blaze face calves are sure bringing a premium at the auction marts and commercial bred and open heifer sales.

Lot 12 - 190K

13

## POLLED/SCURRED

A really stylish Potent son that's thick made, moderate, good haired and just catches your eye in the bull pen all the time. His mother is a good uddered Cpt. Scream daughter out of the great Pocahontas 68M. This cow family has had a big impact on our red program. We've got four full sisters to the dam of 187K. This guy will raise those fancy steer calves that the auction marts talk about and a great set of replacement heifers.

Lot 14 - 187K

## HOMO POLLED

A bigger framed bull, deep, thick, lots of bone and good haired. His mother is a good Kuntz Sheriff daughter. The Sheriff cows really produce and add calving ease into their progeny. 175K has again a great set of EPD's with ranking in the top 50% in 12 of the 13 traits. He again is going to sire those calves that are going to bring the commercial man and woman a premium on their calves.

Lot 15 - 175K

**Rodney James**  
1932 - 2022

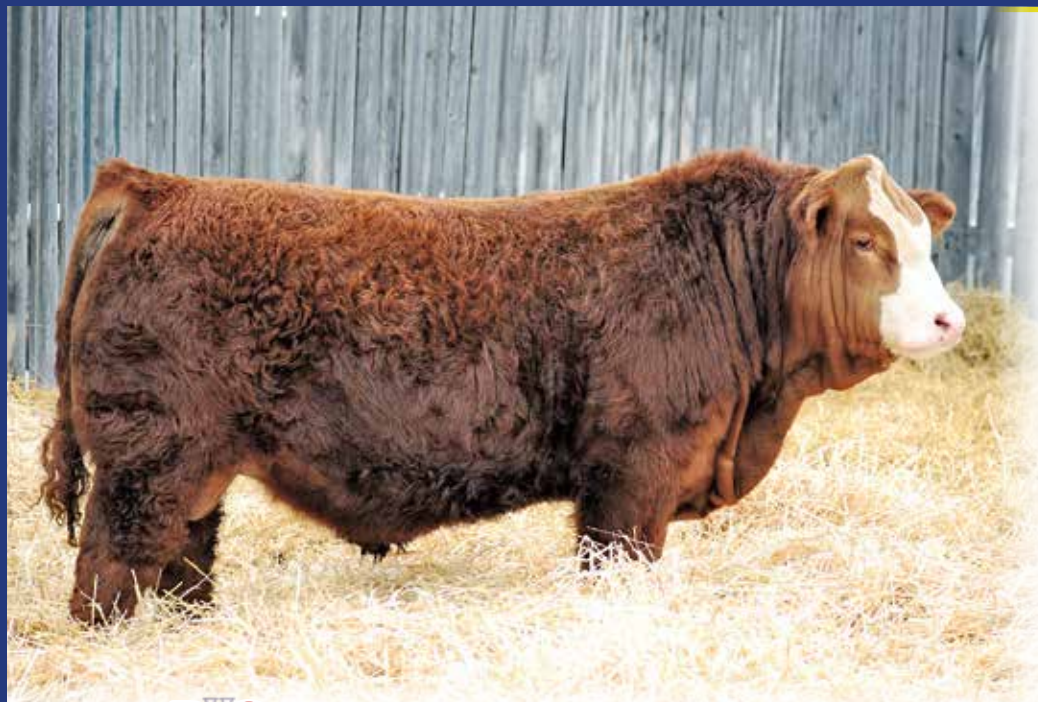

Rodney was one of the finest men I've ever known. He was a mentor and a special friend of mine. Rodney and John Owen started Transon Livestock back in the '60's. They managed many many sales for me before selling the management to Bob James and Jay Good.

He always saw the good in people and never degraded anyone. He was positive and enthusiastic. He believed in and supported me immensely. His motivation helped me to succeed, I hoped he realized the influence he had.

Rest in peace my friend!

We couldn't be happier with the Top Tier progeny. He's done a great job of adding calving ease, blaze faces and quality in the calf crops. We're having the third year of the Top Tier calves this spring and will continue to use him. He calves great, but also adds shape and muscle to his calves. Last year's bull sale his first sons were really accepted well.

## Lot 16 - 8K

### HOMO POLLED

This is one of our feature bulls in this year's sale. A blaze face Top Tier son out of a super first calving Dillinger heifer 6H. Love this young cow, great udder, dark red, angular brood cow who always had been a favorite since she was a young calf. She's got a mid January bull calf on her again this year. 8K has performance too. He weaned off his mother at 945lbs, with an adjusted weaning weight of 888lbs which ranked 6/ 69 bulls in his contemporary group. He is homo polled, has calving ease on both sides of his pedigree, has performance and eye appeal and that nice white blaze.

### HOMO POLLED

This Top Tier son is a powerhouse not a calving ease bull. He was the number one ranked bull for the adjusted weaning weight and has continued on to be powerful. His dam, the mother of IPU Lieutenant 24E, puts the power into her progeny as seen by this, her natural calf and her embryo calf lot seven, the Potent son 114K. Can't say enough good things about her, her length, power, udder and yet is feminine and stylish. This Top Tier son will be one you'll want to look up sale day, he's definitely a feature.

### HOMO POLLED

This is an awesome Dillinger calf. One of our favorites in the pen. He's dark red, really thick and big topped, has a little blaze and style to burn. Just been a good calf from day one. His mother is a first calf Betts cow that is powerful herself. Maybe the most powerful of all the heifers we calved out last year. She's good uddered, deep bodied and feminine. She also has a little Fleck in her background. This 46K bull should be found sale day. Whether you're looking for a heifer bull or a cow bull he's just a really good bull.

### HOMO POLLED

A really smooth made stylish son of WLB Encore. Really like this bull a lot. His mother is a big broody Specialist cow going back to the 266Z cow. She has two sons working at the great commercial operation, Diamond K Cattle Co., Maple Creek, SK owned by Bryce Weiss. They have one of the best or the best commercial bred heifer sales in Western Canada called the Rock Solid Bred Heifer Sale. Many of these heifers would be sired by LaBatte Simmental bulls. This Encore son is a full brother to one of the bulls he purchased from us in our 2021 bull sale. If you want to raise some stylish – broody females take a look at 36K.

Lot 27 - 36K

Emry, won a buckle for most improved rider at the Borderview Saddle Club

Emry and Jenna Gladmar Falcons placed 2nd in their division at the Provincial Hoopla '22

**HETRO POLLED**

A super thick, stout Betts bull that is the third full brother listed in our bull sale. In last years sale his brother was one of our feature red bulls but unfortunately got injured and took some time recovering. He will be used in our program this year. Another good full brother sold to the Stolson's at Hodgeville, SK. 142K is moderate made, thick - thick, maybe the stoutest bull in the sale, he's blaze faced also. If you're wanting to add some muscle and duability to your heard, he's the one.

Lot 29 - 142K

Tim, Janalee, Emry, Jenna and Sierra, Blue Jays fans, got to take in a couple games last summer.

Lynlee, Hayley, Brodyn, Jory and Zayne LaBatte

We believe Caliber 014G is going to move our black program ahead immensely. We are very impressed with his first calf crop both bulls and heifers. We and Lewis Farms purchased the Canadian semen rights from KT Ranches and Canadian sires after they purchased him out of the Rancier Farms bull sale for \$150,000.

He's a power bull yet calved very well for us. He's homo black and homo polled. His pedigree is flawless going back to the great RF Certainly Flirtin 202Z cow and sired by the NGDB Structure 34D. Add in Captain Morgan, Cobra and Poker Face, you can't write one much better. We think you'll be just as impressed with his sire group as we are. He was used heavily again in our breeding program this past breeding season. He is in the top 1% of the breed for both weaning and yearling weights.

## Lot 30 - 47K

### HOMO POLLED - HOMO BLACK

A true sale feature: this Caliber son has been a favorite all along since he was very young. He has that herd bull presence about him, he's thick, deep, long bodied, great haired and excellent structure both feet and legs. His dam has really produced, this is her eighth consecutive calf and all have either went to our bull sale or Simmsational. She has bulls working at Deeg Simmentals, AB, Glen Aldentaler, SD, Abraham Farms, SD, JLL Farms, SK and daughters sold to Spring Creek Simmentals, SK, Dana Johns, MB and Albrecht Farms, AB. And she's coming with her ninth progeny this year who will be a full sibling to 47K. When you see this boy you'll like him a lot, he's been the pen favorite by visitors.

## HETRO POLLED - HOMO BLACK

Another good Caliber son out of a Priority dam, going back to the great cow we purchased from the D Bar C dispersal, Black Satin 680S. She had eleven calves in a row before we sold her at an old age. Her udder was still absolutely perfect. We have three daughters of hers in the herd. She's also the granddam of R Plus Venom 4006B, the great breeding bull at R+ Simmentals. We sold a Poker Face bred heifer out of 680S to Marlin as a high seller at Simmsational and she was carrying Venom. So, a really strong cow family 57K comes from. As you can see by his picture, he is deep made with lots of capacity, good muscle and is attractive. He'll raise these top dollar feeder calves.

## HOMO POLLED - HOMO BLACK

A really stout made baldy bull out of Caliber again. This guy has an absolutely beautiful haircoat as do all Blue Moons progeny. She's a baldy heifer that Kelly Oberle and ourselves bought out of the Friday Night Lights sale for \$32,000. She was one of the feature heifers for sure. We bred her Limitless and then IVF'd her to Springcreek Liner 56U, resulting in five embryos and in the next spring three heifer calves. The bull calf she was carrying sold to Wild T Farms, Humboldt, SK and was one of our feature calves in our 2020 bull sale. 61K is very much like him with his bald face, greatest of hair coats, thick and soggy. What a set of steers and replacement heifers he would sire! Consigned by LaBatte Simmentals and Circle 7 Ranch (The Oberle's).

### HOMO POLLED - HOMO BLACK

A really stout made Caliber bull out of the big volume broody cow we bought as a calf out of the Black Diamond dispersal in Manitoba, we purchased her and her mother that day as they were in a fall calving program. She's had seven progenies in a row. Her bulls have sold to purebred breeders and great commercial operations at Speargrass Cattle Co., AB and to the Wiotas boys, Janjie Holdings, Lake Alma, SK. 81K himself weaned off at 945lbs, ranked 12/69 in his group, not bad for being raised in drought conditions again. He will definitely add pounds to your calf crop.

### HOMO POLLED - HOMO BLACK

Soggy, soggy best describes this Caliber son. He's being a fan favorite this past year. He reminds us so much of the IPU Bentley 81F bull we sold to Jaydawn Farms. He's a tank, so thick and deep, great hair and mothered by a good uddered blaze face Priority daughter going back again to the Black Satin 680S cow family. He has an excellent set of EPD's, a nice moderate birthweight of 90lbs just a really good breeding bull with a big future ahead of him.

## HOMO POLLED - HETRO BLACK

This is our grandson's, Jory and Zayne LaBatte's bull calf. They went together and purchased his mother, a blaze face Chrome daughter out of Simmsational sale a few years back from Riskan Hope Farm, the Luthers from Craik, SK. This is her second bull coming to the sale with her first selling to Mills Farms at Craven, SK. 178K has a nice balanced set of EPD's, has had an excellent weaning weight of 895 lbs and it structurally sound, hairy and stylish.

Lot 42 - 178K

Lot 43 - 21K

## HOMO POLLED HETRO BLACK

Here's a great super stout Yuma son out of a Bootlegger daughter going back to the Pocahontas 68M cow family. This bull has been one of the favorites from early on. He is thick, deep ribbed, big topped, hairy and good footed. He'll add that important thing to your calf crops "Pounds". I think this bull is the right kind and type for breeders or commercial cattlemen.

## HOMO POLLED - HETRO BLACK

A really thick stout black Betts son that Brodyn and I own together. We bought his dam out of the Agribition Sale from Czech-Mate Livestock. She goes back to the famous Soda Pop cow family. We have had a good Cowboy Cut daughter of hers in the herd, then 22K and now in mid January a Black Cinch bull calf. You really have to appreciate 22K for his thickness, depth, big top and excellent haircoat. He has a nice 80 lb birthweight and a calving ease number in the top 30% of the breed. He's an outcross pedigree for the blacks and could be used in the heifer pen possibly.

Lot 44 - 22K

## HOMO POLLED

The only half blood in the offering, a Rainfall son out of a first calf Bentley daughter. We will be ramping up our half blood program as we will be breeding about 15 1/2 blood females this spring. As we look down the road, we think there is an opportunity for selling half and three-quarter blood bulls in the commercial industry. The popular Angus bull Rainfall is known for his calving ease and good females. 71K had a nice 80lb birthweight and a 281 gestation.

## HETRO POLLED - HETRO BLACK

A real smooth made Monument son out of a really nice Bentley cow going back to the Ms. Blake cow who is in our flush program. We bought a small semen pack of Monument from JP Livestock in the spring of 2021. He's a black bull with an outcross pedigree being out of the calving ease red bull WS Epic. He has really nice numbers and is a calving ease bull. We bred some of our heifers and an odd cow to him with good results. 89K himself had a nice moderate birthweight of 88lbs and weaned off his mother at just under 900 lbs.

Lot 46 - 89K

## HETRO POLLED - HETRO BLACK

A really stout made Top Tier bull that we really like a lot. He has a nice 82lb birthweight, born unassisted to a first calf heifer, has style, a great haircoat, he's thick and stout. Bro-dyn bought his damn out of the WLB dispersal as a heifer calf. She's grown into a really nice three-year-old with an excellent udder. She has a Caliber heifer calf on her this year. 105K should have a lot of friends sale day and has possibilities as a heifer bull.

## HOMO POLLED - HETRO BLACK

Another black calving ease prospect. He was purchased in dam from Perkin Land & Cattle Co. by Wilf Davies for me at the Pembina Triangle sale in November 2021. His mother is a beautiful uddered baldy Remington Lock N Load first calf heifer. An outcross pedigree as there is a very little Lock N Load in Canada and Epic is the proven calving ease red bull in the red division of simmentals. He has an 82lb birthweight and a well balanced set of EPD's with his low birthweight EPD in the top 15% of the breed.

## HETRO POLLED - HOMO BLACK

A nice smooth made Black Cinch son with a splash of white on his head. He was mothered by one of our favorite black cows IPU Miss Lotto 72A, a direct daughter of Black Satin 680S. 72A is sending her third bull through the sale with past bulls selling to Leedale Colony, AB and Austin Tiszauer, SK. She also had the high selling heifer, a black blaze face Priority daughter selling in our 2020 sale to KT Ranches for \$30,000. 72A the great Lotto daughter will carry on the legacy of the D Bar C Miss Black Satin 680S. This bull would raise some outstanding replacement females with a chance of some carrying the baldy look.

Lot 49 - 123K

### HETRO BLACK

This is a bull we forgot to test for homo polled when we were pulling hair on the bulls. There's a really good chance he is homo polled, as his sire is homo and the two sires in the bottom of his pedigree are homo polled too. This bull is just a really nice balanced individual. He would sire calves that are smooth, bulky and very sellable. His heifers you would want to keep for replacements.

## HETRO POLLED - HOMO BLACK

This mid March son is the last calf born at our place in 2022. His mother was in our flush program and resulted in her getting bred late. This stylish, blaze faced bull is sired by Genesis, a bull Darren Pagent bought us out of the last Skor bull consignment. He's a homo polled, homo black Captain Morgan's son. We used him to clean up a few cows in May. 224K is a maternal brother to the IPU Black Cinch 95G, the \$50,000 Springcreek Liner son and in this years sale the 125K bull. His mother is definitely one of our favorites. He'll sire some blaze faced calves, that chrome that's so popular these days bringing a premium when they're sold. His females should be really good if they're anything like his mother. He's young but has a lot of potential.

Lot 54 - 224K

The cow herd utilizes organic minerals that are used to ensure proper immune function, and overall health of the mother cows and progeny. The bulls feeding program is built to maximize forage utilization and rumen health. The bulls are developed on grass with their mothers, and then moved onto a balanced high forage ration that promotes lean muscle growth. Organic minerals are also used in the bulls ration to maximize the overall nutritional health and development.

### FLECKVIEH - NON DILUTER

Kelly Oberle and ourselves have bought a couple of full blood heifers together, both from the good people at Black Gold Simmentals and they have turned out very well. 117K's dam is a special cow, polled, dark cherry red, beautiful udder and is going to be a producer. Her last years bull was our feature fullblood bull, a polled Battle Cry son that was awesome, he too was blood red. We never got him to pass a semen test before the sale so we kept him back. He passed this summer and hopefully will get some semen drawn on him. Her this years calf 117K is a really good bull also, dark cherry red, thick and stout and sired by the exclusive French Attack bull who is renowned for his excellent females. This bull is going to sire some super heifer calves that are a must to keep for replacement. Consigned by LaBatte Simmentals and Circle 7 Ranch (The Oberle's)

## POLLED FLECKVIEH - NON DILUTER

A really nice made pulled French Attack son out of a full Fleck heifer we purchased from Keet's Simmentals at the Fleckvieh Equation sale in Red Deer. She's a really nice uddered moderate cow that is easy fleshing. 141K could possibly be used in the heifer pen with his 88lb birthweight and his smoothness through that front end and shoulder.

## POLLED FLECKVIEH - NON DILUTER

Another Full Fleckvieh polled bull sired by Elevation. Black Gold Elevation has done quite a job for us. We were fortunate to get a semen pack on him from Beechinor Brothers. He sires good bulls and excellent females. He's really good on color and adds performance as well. His mother was the highest selling female we bought out of the Gagnon Sale in 2018. She's a big, broody cow that's very easy fleshing. She raised a polled legend daughter for us as a first calf heifer. We sold her as a bred heifer at Simmsational for \$15,000 to Skywest Simmentals, Didsbury, AB. 144K also has a really nice balance set a EPD's.

## NON DILUTER

This is another fullblood Kelly and I own together and she's a beauty – love this cow. I don't know where you'd change her. Beautiful uddered, dark cherry red, great disposition and a producer. Her first bull calf sold through the ring, a Battle Cry son to Pine Creek Simmentals and Kyle Westman – 619 Land and Cattle, AB. He was our high selling fullblood. Last year she had a powerful Reputation son that was the power bull in our pen but unfortunately only had one nut. This year's Canon son is a good one again, polled, deep and soggy. What a set of calves he would sire, males or females. Keep all the daughters. Consigned by LaBatte Simmentals & Circle 7 Ranch (The Oberle's)

### POLLED/SCURRED FLECKVIEH - NON DILUTER

Another really good Elevation son out of an Eclectic female. He's hairy, dark red, goggle-eyed and full of meat and muscle. He's structurally correct with good dark red hooves and moves very well. This is his mother's seventh consecutive calf in a row. One of her daughters sold in this year Simmsational sale to City View Simmentals, the Barnetts, Moose Jaw, SK for \$12,500 as a bred heifer. Put this bull on black or red Angus cows and get the blaze faces on them, they'd be pretty valuable. One of our good customers locally is doing that and I offered him steer price for his heifer calves but he said no!

Lot 64 - 169K

### POLLED/SCURRED FLECKVIEH - DILUTER

This end of February polled Canon son is a really good bull. He ranked 2/14 for adjusted weaning weight in his group. His mother had a polled Elevation son working at Storie Farms and we have a really good Elevation daughter in the herd off her. 212K is really stout made with an excellent quarter, well balanced and long like his mother.

### HOMO POLLED FLECKVIEH - NON DILUTER

We end the fullblood section with a young homo polled Canon son. He's big butted, big topped, has lots of capacity and walks on a strong foot. He was the #1 indexing bull in his group for adjusted weaning weight this fall. His mother is a tank of a cow. When we purchased a group of bred heifers from Lakeview Simmentals, Curtis Mattson, Meacham, SK, she was the number one heifer in our mind. This bull has a lot to offer being homo polled.

Lot 66 - 215K

# Welcome from the Manske's

Kyron, Kelsey, Embrie & Eva Manske  
Box 456 Coronach, SK S0H 0Z0  
east.poplar@hotmail.com  
306-267-7530  
www.eastpoplarsimmentals.com

Welcome to the 43rd Annual LaBette Simmentals Bull and Female Sale. Another year and another set of bulls we are excited to showcase! Thank you to Barry and Brenda for continuing having us as the guest consignor.

Our girls, Embrie and Eva, are growing like crazy and it is a blessing to watch them develop into their own personalities. Embrie is loving learning new and exciting things in pre k this year and it was fun to have her in the barn this fall helping with the show and sale heifers. Eva is busy keeping us all on our toes and makes sure there is never a dull moment in the day!

As we come into 2023 there have been some major changes in the cattle business in the last couple of years. Multiple years of drought with many producers drastically reducing their herds or dispersing entirely have shaken up the status quo in the business and reduced the total herd. Although this has been a tough couple of years for producers, I can't help but be optimistic about the next few. Current steer prices are the highest they've been since 2015 and many are projecting calves to be close to or over \$2000 this fall. All we need now is rain!

I am excited about this years bull pen and feel it is one of our strongest and most consistent to date. The Betts and Lieutenant bulls are as strong and consistent as ever and we feel these are the type of cattle that have a lot to offer the industry as a whole. We have a number of females milking off of both of these sire groups now and we feel that have as much maternal power as they do on the terminal side. On the black bull side of things we have a couple of powerful Man O' War bulls again as well as a new sire group off of our walking herd sire R Plus "Union" 0140H. We're also quite excited about the half blood bulls we have on offer.

All the bulls are on our herd health program and will be semen tested and guaranteed. Delivery is free of charge, but we do ask that any bulls that come back to our place for wintering are insured. Most of the bulls in our offering have been homo polled and homo black tested.

Visitors are always welcome, and the bulls are available to be viewed on the farm at any time or give us a call to discuss any of our offering. Videos of the bulls are available at [www.eastpoplarsimmentals.com](http://www.eastpoplarsimmentals.com). We also have an extensive list of professional sale consultants listed at the beginning of the catalogue that can be of service if you are not able to make the sale or give Kyron or Barry a call for assistance and questions.

Hope to see you all March 3rd at Johnstone Auction Mart in Moose Jaw, SK or join us online with DLMS.

*Kyron Manske*

A real deep bodied Lieutenant son here who I think is going to make his new owner very happy. We have used Lieutenant for a couple of years now and are very happy with the job he has done and especially the type of females he is leaving us. We have a full sister to 215K in our her who is likely one of the best we have raised to date. His dam, 633D, is a moderate and deep bodied female with the ideal udder and stands on a great set of feet.

Our fullblood offering may not be big in quantity, but we feel the quality is right up there. 255K is a smooth made and balanced bull who checks a lot of boxes for us. Moderate in his type, yet with good performance and muscle expression.

**Lot 79 - 220K**

Powerhouse Man O' War son here! If you are looking to add rib shape, depth of body and hip dimension, this is your guy. Loads of hair just like all the Man O War calves and a great disposition. Out of a deep bodied cow with lots of milk and a great set of feet.

This is our first calf crop out of our new herd sire R Plus "Union" 0140H that we purchased with Townview Farms and we are impressed. The bulls are masculine and have good performance and the heifers look like they are going to make real nice females. We sold a fancy made Union daughter this year at Simmsational to Travis Libke. 226K is a great haired and balanced bull who goes back to a fullblood cow on the bottom side.

This guy has been one that everyone points out right away when they walk in the pen. 286K is a half blood bull that has a real presence about him and carries himself proudly. He is long spined and attractive in his make up, yet deep bodied and big hipped. With just an 81 lb birthweight we feel this guy would work on cows or heifers. He also has a great disposition, good enough to lay down on us in the picture pen when he felt he had enough. We have used Renovation on a handful of cows the last couple of years and are always impressed with how consistent he is at producing bulls and females with low birthweight and lots of performance. We have a few half blood females in production off of him now and they are turning into great cows.

Another well balanced Union son who is sure to raise a great set of steer calves and leave you with an impressive set of replacement heifers. 2105K is moderate in his type and fluid in his movement.

**Lot 83 - 2105K**

LaBatte Simmentals will be consigning 10 open heifers in this years sale, including a homozygous polled, Full Fleckvieh heifer, four black heifers and five red heifers. They are represented by some of our leading sires – Perks Potent 309H, IPU Black Cinch 95G and RF Caliber 014G. As a bonus they're all homozygous polled but two. These heifers were not put onto grain until mid December so the pictures are what they are. All we've been feeding our replacement heifers this year is 2 lbs of 32% supplement. If you have any questions about these heifers before the sale, be sure to give us a call and we would be glad to go over them with you. Or better yet, come and have a look at them before the sale. We would be glad to show you them and their brothers in the bull pen.

FLECKVIEH - HOMO POLLED

Well here is our fullblood heifer. This first for many years that we have offered one in our bull sale. We think this heifer is a great one to be first. First of all, she is homozygous polled by parentage, she is 100% Full Fleckvieh and just a really good heifer. We purchased her mother out of Simmsational 2021 from Peter Sweeten and this is the heifer she was carrying. Her dam, 3H is just a really nice moderate three-year-old now with a beautiful udder. She just had another heifer calf mid January. 6K herself is really put together well. She is angular and deep, soft made, has a great disposition. Just really broody and has an outcross pedigree. There's a world of opportunity in this heifer – a definite sale feature.

HOMO POLLED

A feature Perks Potent daughter that we really like. She's dark red, very broody and angular, good haired and stylish and mothered by a great red Springcreek Liner 56U cow that has a beautiful udder like most 56U females do. This is her fourth heifer she's given us and about an hour ago she gave us our fifth. This really is a feature heifer with brood cow written all over her.

## Lot 86- 54K

### HOMO POLLED

This is Brodyn's heifer out of his Peggy cow family. She's a dark red Betts heifer who is similar to the 35K heifer in type and size. Her mother just caved again yesterday and had a baldy heifer calf. These Betts daughters are making really nice cows, they have great udders and are performance minded.

### POLLED

A tremendous baldy Fleck daughter out of Potent. Something we always talked about doing is breeding some of our Fleck Red Simmental cows but never seemed to do it. Well in 2021 we did. All bred Potent and we are really happy with the results both bulls and heifers. I remember back when we started in the blacks and reds we had a few half black Fullblood cows who were some of our really top producers and we're mostly baldies. This heifer in her own right is really good and so stylish. She wasn't Homo tested but is three generations polled so has a very good chance of it. She weaned off at 810 pounds and has a great set of balanced EPD's. Get in the lead and purchase this good half Fleckvieh heifer, you're going to see a lot more of it.

## HOMO POLLED

Well Wade's Tamale 159A cow does it again. She's raised another really good heifer going to the bull sale. This is her fourth heifer going through our spring sale, they've averaged \$16,250 so far. Not bad! 103K's mother, a 56U daughter is one of my favorite cows on the farm. She's powerful, a big cow but very easy fleshing and very feminine and stylish. She has a really good udder. 103K is a RF Caliber daughter, the first for us to sell. She's long spined, beautiful fronted, great haired and has a great pedigree. This heifer will carry on the Tamale cow family and do her mother proud. Consigned by Wade Lund
