Johnstone Auction Mart Ltd.
Moose Jaw, SK
4 miles West of Moose Jaw on
Trans-Canada Highway

with Guest Consignor
**East Poplar
Simmentals**

WELCOME TO OUR SALE

Welcome to the LaBatte Simmentals 44th Annual Spring Bull and Female Sale, Friday, March 1, 2024 at Johnstone Auction Mart, 4 miles west of Moose Jaw on #1 highway, north side of the highway, big orange building. How time flies, it seems we just had our last Bull sale and here we are again making a catalogue. My mom and dad, when they got older, I remember them saying how time goes by so fast, now I understand what they meant.

We would like to thank again all the bidders and buyers from our past sales, your continued support and effort to attend our sales is very much appreciated. Some of you have become life long friends. We welcome our new customers too; may your bulls work well for you and any problems let me know or Kyron know. We both think this year addition of our bulls, is one of the best ever, whether you are looking for black, red or fullblood bulls we think there is one that will work for you in this year's offering.

I would also like to personally thank our team at home. They are a huge part of any success that we've had in the Simmental breed. Firstly, I'd like to thank Wade Lund, who was with us for over 22 years. He was a big part of the success we had in those years. Wade and his wife, Lhei, have moved to Weyburn, and are both working at new jobs there. Wade is responsible for a lot of the bulls and heifers in the sale as he was the AI man. Also like to thank Dale Ehrhardt, our night watchman, who is now 72 years young, he's been with us for many years calving out cows during the night. He is dedicated and reliable at his job. Cole McHattie started with us almost two years ago and has become a good employee and works very well with the cattle side of our operation. And we have a new employee, starting in January 2024, Darlene Scriber of Lloydminster area. She has tons of experience calving cows, AI'ing and machine skills. She's going to be a very important addition to LaBatte Simmentals as we already really appreciate her skills and work ethic. Lastly but most importantly, our family, my wife Brenda, our son Lynlee and his wife Hayley and their boys Brodyn, Jory and Zayne. Our granddaughters now own a couple cows here and the oldest, Emry was a big help at weaning time. Family is very important and we are lucky to have a good one. From Brenda and I's kids, Lynlee and Janalee to their spouses, Hayley and Tim, to our grandchildren, Brodyn, Jory and Zayne, Emry, Jenna and Sierra, we are so thankful.

Our offering this year again consists of red, black and fullblood bulls and 15 top quality open heifers. Our red pen we think is one of the strongest sets ever, the blacks are headlined by RF Caliber, the hottest black bull in the industry now and there is a great set of fullblood bulls, both polled and horned. The Manske family will again be guest consignors with 15-20 red and black bulls in the sale. Word has it that it's their best set yet.

There is one big change this year as Bohrson Marketing Services will be taking over full management of our sale. We would like to thank Transcon Livestock, Jay Good, Darren Paget, Glen Norton and recently Cody Coupland for their many years of professional help at our sale. It was greatly appreciated.

So, we invite you to our 2024 Annual Bull and Female Sale. Our 44th edition, on Friday, March 1 at Johnstone Auction Mart, Moose Jaw, SK. The sale will also be carried out on the internet through DLMS (Mark Shologan at 780-699-5082). The bulls will be available for viewing on Wednesday, Thursday and of course sale day, March 1, Friday at Johnstone Auction Mart. Even better yet, come to our farm and see the bulls and dams prior to the sale. The coffee is always on. If you have any questions call Barry at 306-815-7900 or Kyron at 306-267-7530. We will try and answer your questions and go over the offering with you and recommend which bulls we think would work for you and your program. Or call Bohrson Marketing sale staff to evaluate the offering for you. Come on Thursday night to our social room and enjoy some beverages, snacks and hospitality. There's been some great stories told at these socials! LOL!

P.S. Grandkids are doing good. Brodyn is at College in Olds, the other grand boys and grand girls are involved in sports a lot, hockey, basketball, volleyball and of course 4-H. Again, I repeat Grandkids are the best!

SALE DAY INFORMATION

Sale Day Phones:

Email: alamedaagencies@sasktel.net

Sale Headquarters:

Ramada Hotel, Moose Jaw, SK
Tel: 306-693-3050 (North of Tim Hortons)
Rooms are reserved under Labatte Simmentals.

Sight Unseen Purchase Program:

If you are unable to attend the sale but are interested in our bulls give Barry or Kyron a call and they will personally go over the bulls and your program with you. They will recommend which bulls they think would meet your satisfaction and refer you to one of their sale staff.

In-Herd Semen:

LaBatte Simmentals & East Poplar Simmentals reserve the right to collect semen on any bull sold through this sale. The semen collection will be at the seller's expense and the buyer's convenience. Any semen collected will be for in herd use only.

Catalogue Production: Catalogue production was done by Bohrson Marketing Services. Online catalogue can be viewed at www.bohrson.com

Bull Sale Videos: Available in mid February at www.cattlevids.ca and www.bohrson.com.

Photography:

LaBatte Simmentals - Prairie Pistol Designs, Melissa McRae & helper, Emma Falconer & Todd Froh.

Health: All bulls will be scrotal measured and palpated. Bulls over 12 months of age at time of testing will be semen tested. Bulls under 12 months of age at time of testing will be semen tested prior to delivery. Weights will be posted sale day. All bulls and heifers were given CattleMaster 4, Somnustar PH and Fortress 7 in June and boosted with same in September. All were treated with Ivomec Pour-on in September and January.

Delivery: At the buyer's option and risk, LaBatte Simmentals and East Poplar Simmentals will take the purchaser's bulls home, feed them under their management and deliver them FREE anywhere in the prairie provinces to your nearest central location. We will do our utmost to deliver them right to your yard. Delivery will take place between April and the middle of May. For bull buyers outside the prairie provinces, LaBatte

Simmentals and East Poplar Simmentals will work with you to help coordinate delivery. The bulls are the property of the buyer as soon as they are sold. Therefore, buyers must insure their animals for the time they are at LaBatte Simmentals and East Poplar Simmentals. The heifers will be delivered as soon as possible after the sale.

US Delivery: For our U.S. buyers that live in the Dakota's and Montana, we offer **free delivery** to central points and if possible right to your yard. For bulls going to other destinations we will work with you making arrangements. We look after and pay for all paperwork crossing the border and do offer a sight unseen purchase program.

Internet Bidding Available: If you are unable to attend our sale, please join us by viewing the sale live online at www.dlms.ca. For more information and help getting approved for bidding, contact Mark Shologan - 780-699-5082.

Guarantee: All animals will carry the standard breeding guarantee as specified by the Canadian Simmental Association. At no time shall the seller's liability exceed the purchase price of the animal.

Terms and Conditions: The sale will be conducted under the standard Johnstone Auction Mart Ltd. Terms & Conditions.

Accidents: Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

Catalogue Information: EPD's are current and up-to-date as of publication date. Information in this document is believed to be accurate but any updates at the sale by the owners, auctioneer or sales management will take precedence over the information provided in the sale catalogue. Pedigrees in this document have been supplied by the Breed Association and all other information has been supplied by the seller.

WELCOME FROM BOHRSON MARKETING

The LaBatte Simmentals with guest, East Poplar 44th Annual Sale is stacked once again with an exceptional set of cattle from two of the great programs in the industry. The LaBatte and Manske families have a long standing respect in the industry for raising top seedstock that make a positive impact on the purebred and commercial industry. The cattle business will always be a people business and you can be assured that this sale highlights some of the very best people in it.

LaBatte Simmentals are offering an impressively consistent and deep set of bulls this year that carry exciting genetics and backed by one of the top cowherds going. They are decades deep in rich genetics with the IPU brand known and highly respected world wide. Barry is a breed leader in the industry and someone we look up to with respect as he actively sources the very top genetics possible to ensure that this sale is offering the best of the best. The entire LaBatte family is heavily involved in this operation and there are exciting times ahead as this set of bulls and heifers is as impressive as you can imagine.

The Manske's of East Poplar Simmentals are some of the best people in the business and have a work ethic, knowledge of agriculture and ambition to continually raise the bar on their strong program. With many of the genetics stemming back to the IPU prefix along with many other wise investments, their program is loaded with quality and options. These bulls are developed well and are built for longevity as they are backed by leading genetics in the industry. The cowherd behind these bulls are hard-working and pay their way type of cattle that flat out produce.

It is an honour for our BMS Team to manage this sale for the LaBatte and Manske families and we truly feel that the quality on hand is as deep as ever. We encourage you to join us at Moose Jaw on Friday, March 1 for one of the most anticipated sales of the spring with a set of bulls and females that are the right kind to give you large ROI. If you can't make it sale day, feel free to reach out to LaBatte or East Poplar to discuss the offering further or any of our BMS Team as we would be honoured to represent your needs in a professional manner. See you at the 44th annual sale for top Simmental cattle and great hospitality.

Best regards,
The Bohrsen Marketing Team

We couldn't be happier with the Top Tier progeny. He's done a great job of adding calving ease, blaze face and quality in the calf crops, both Bulls and Heifers. We're having our 4th year of Top Tier calves this spring and will continue to use him in the future. He calves great, but also adds shape and muscle to his calves. His daughters are now in production and we are very happy with them, udder quality is very good. In our last two years, his bulls were readily accepted by both the purebred and commercial man. We think the Top Tier progeny in this years sale is the best yet so he deserves the lead off spot in our 2024 sale.

HOMO POLLED

This bull has been a standout from day one. This old saying "full of meat and potatoes" best describes this bull. He's dark red, full of muscle and meat, deep bodied, long made and is great haired with a really nice disposition. His mother is a beautiful uddered first calf Poker Face daughter who has done a whale of a job on this Top Tier son. He ranked 5/62 contemporaries for weaning weight, had an actual weaning weight of 875 lbs on a year that was drought right from the start of spring. We think this meat machine has a lot of opportunity to offer the industry.

HOMO POLLED

A really nice blaze faced Top Tier son out of an excellent uddered red Yuma daughter going back to Wade's Liner 56U cow, Ms Tamale 159A. I bought the Yuma daughter out of our 2023 Bull Sale from Wade and just this summer purchased the Liner 56U Tamale cow from Wade. She will enter our donor pen now as she's a powerful, big broody, great uddered 56U daughter. This thick made, deep bodied, long Tier son is smooth made and very attractive. What a set of baldy bulls, steers and keeper heifers he will sire.

HETERO POLLED

Well where do I start with this guy. One of my all time favorite red bulls. If he would have DNA tested homo polled he would be walking our pastures this summer. He's super stout, very deep ribbed, long made and has a beautiful haircoat. He has a perfect blaze down his head and no other white. His mother is a first calf Betts daughter who has a perfect udder and goes back to a great Red Deputy cow. I just can't say enough good things about this stud, you be the judge sale day. I forgot to add he was the #1 indexing bull for weaning weight this fall. Out of 62 contemporaries he has an adjusted weaning weight of 886 lbs. Not bad for an end of February calf.

HOMO POLLED

A really smooth baldy son of Top Tier our of the \$40,000, Betts daughter we purchased out of the Rose-Jenna-Flirt Bohrson summer sale in 2021. What a beauty she has become, great uddered, long and broody. Her son is pretty special too, long bodied, deep, loose made, good haircoat and the money stripe blaze on his head. This March calf too had a great adjusted weaning weight of 828 lbs, ranking 6th our of 62 contemporaries. What a set of fancy replacement heifers he would sire.

HOMO POLLED This is the first group of WFL Mountain View 4J bulls. When Mountain View sold through Westway's sale in 2022, Oberle's and ourselves were the runner up bidder on him with Black Gold Simmentals purchasing him. We were fortunate that they sold us a semen pack on him. We bred mostly second calvers to him and that turned out very well. He calves well, added his dark color, good hair and muscle to his offspring. And his mother was also a really good baldy Westerdale female going back to their Red Doll cow family. This 10L son is very long made, good muscled and stylish.

HOMO POLLED A really smooth made Walk The Line son out of the Pocahontas 105L cow family. 16L's mother, Pocahontas 10D, is also the mother of Pocahontas 117F, themother of LFE Loyalty 836H bull, the blaze faced bull that is so popular in the industry. Some of his sons are selling in the sale. 16L's sire, Mader Walk The Line is the \$280,000 sensation that sold in the 2021 Friday Night Lights sale to KT Ranches and Bohrsen Marketing. We were able to attain a semen package in him and glad we did. This son of his is really nice made, super long, really smooth through that front end, great feet and legs. This kind that will add pounds to your calf crop.

HOMO POLLED Another really good, dark red son of Mountain View, great haired, stout, big topped, very stylish. We purchased his dam at the Simmsational Sale as a bred heifer from Pheasantdale Cattle Co. We then bred her as a two year old to Mountain View and she has done a great job raising this bull calf. If your into EPD's just taking a look at his – above average in all 13 traits and an API index ranking in the top 15% of the breed and a TI Index in the top 25% of the breed.

Lot 10 - 49L

Lot 11 - 14L

HOMO POLLED

This blood red Shamrock son has been admired by some of the really good cattlemen this fall and winter. We purchased his dam as a bred heifer out of the Springcreek Dispersal Sale where she was our pick of the black bred heifers. She left us with an excellent red bull calf. The mother is great uddered. Also 14L has a nice moderate birth weight of 80 lbs, weaning off his two year old mother at 915 lbs, not bad in a drought stricken year. He is in the top 2% of the breed for calving ease EPD and top 3% for birthweight. Whether your looking for a calving ease bulls or just a damn good bull we thing this ¾ blood has a lot to offer to the industry.

Lot 12 - 41L

HOMO POLLED

This is one of our favorites! Just love this bull. He's dark cherry red, super thick and deep, big topped, great haircoat and has a great disposition, something we put a lot of emphasis on. We get lots of compliments on the disposition of our bulls in our pens. We have no time for the bad natured ones. His mother is a great Top Tier heifer that really has done a great job with 41L. He too has a great set of EPD's and Mountain ranked 4th for weaning weight index. I would love to feed a pen of steers that look just like him. They would be money maker for sure.

HOMO POLLED A really nice made Potent son going back to the Revlon cow family. 36L's mother has had eight consecutive calves in seven years and never misses. She started with her first calf, a high selling Dillinger son going to Lockhart Valley Ranch, the Robson's at Rimbey, AB, she had twin bulls that sold to Triple T Ranch, at Gull Lake, SK, an Encore son to Prairie Sky Land and Cattle, Avonlea, SK and another Potent son again to Triple T, SK and now another Potent son selling in this years sale. That's consistent production! This good footed Potent son is full of meat and muscle, is deep bodied and great haired. He is the kind that will sire those hairy, stout calves that top the markets.

HOMO POLLED Another Potent son that's smooth made, loose hided, has top and quarter. He goes back on the maternal side to the Pocahontas 68M cow family, who has had a great influence on our red program. 150L's mother, a Captain Scream daughter out of Pocahontas 68M, has a great udder, lots of capacity and this will be her third bull already going to the bull sale. The first two sold to Allemand Ranches at Shaunovan, SK, great customers of ours and another great customer, Glen Aldentaler of Britton, South Dakota. We actually just calved out a full sister to 150L, a first calf heifer and she displays a beautiful udder and calved unassisted, a red baldy Top Tier calf. There's no guesswork here, buy with confidence.

Lot 15 - 150L

Lot 16 - 65L

Maternal Brother to Lot 16

HOMO POLLED

One of the feature red bulls at this years offering. He's powerful, powerful – he's very thick made, huge big quarter, lots of depth of rib, big topped, big testicles and super attractive. His mother, with her first two progeny have brought highlight bulls to the sale both times. In last years sale her baldy Top Tier son sold to Forden Fairview Farms at Punnichy, SK for \$16,000 and now this outstanding Walk The Line herd bull. He has an adjusted weaning weight of 824 lbs ranking him 7/62 contemporaries. Power, style, numbers, it doesn't get any better.

Lot 23 - 160L

HOMO POLLED

A really nice baldy bull sired by LFE Loyalty 836H, the Stratton son out of a IPU Red Deputy heifer Lewis' bought out of Simmsational from us. Loyalty was a high seller out of the Lewis sale where Quinn Wilson and Bohrsen Marketing purchased him and then sold semen packs on him. 160L is line bred IPU Red Deputy, so maternally this bull should sire some tremendous females with perfect udders as the Red Deputy are renown for their great udders. Again, with his perfect blaze face, rib shape and muscle his calves are going to be in high demand. This is 160L's mothers fifth bull going through the sale. Quite as accomplishment. Her bull calves have sold to Reitan Holdings, Gladmar, RJS Land & Cattle Co, Hodgeville, Allemand Ranches, Shaunovan and in last years sale a Top Tier son to Lang Homestead Simmental Ranch in North Dakota and now this year this good Loyalty son.

HOMO POLLED Here is another one of those good WFL Mountain View 4J sons and his mother is a direct daughter of the famous, IPU 52N Ms Pocahontas 2Y cow. An IPU Lieutenant 24E daughter. Our weaning weights were down this year because of the severe drought we've had for the last two years. We plain just ran out of grass where the bull calves were pastured resulting in our bulls weighing 75-100 lbs less than normal. 101L is a cherry dark red, big topped, thick, lots of hair and very well balanced. Just an overall good bull.

HOMO POLLED These matings of WFL Mountain View and SVS Betts female really work. This is the type of bull that commercial producers can really utilize in their program. He is dark red again, good haired, really thick and deep and has that herdbull look about him. His mother is good uddered and is an exceptionally long bodied cow who goes back to the Pocahontas 68M cow family. There's a slogan "length makes the difference" and this sometimes is very true. 179L was our second high indexing bull rating 2/62 for adjusted weaning weight. These WFL Mountain View 4J's are a very impressive group of bulls with color, hair, thickness and style.

HOMO POLLED

Unfortunately, this bull never got DNA tested for homo polled. He has a very strong chance that he is as he's many times polled and has the polled head look. He is also tattooed wrong, we got mixed up when we were tattooing, he actually should have been 197L born February 17. He is a very good bull sired by Betts and out of a beautifully made Brooks cow, out of our donor cow IPU Ms Horizon 21A, the mother of IPU Lieutenant 24E. This guy will add size, performance and length to your calf crop. He ranked 9th for weaning weight out of 62 contemporary bulls.

HETERO POLLED

We put these last two red bulls together as they are mother-daughter offspring. Their very similar in type, size, both long made, good footed and stylish. This Loyalty son is mothered by non other than, IPU Ms Horizon 21A, the mother of Lieutenant 24E. Her sons in previous sales have sold to 4S Farms, Birsay, SK, RBD Ranch, Milestone, SK, Hoegl Livestock and Bohrsen Marketing, Percyview Farms and Dusty Rose Cattle Co, Arcola, SK and Green Valley Ranch, Vermilion, AB. An impressive buyers list of purebred and top commercial operations. Whether 202L is put with Angus, Charolais, Hereford, Simmentals or Red Angus cows, the offspring should be very saleable and his replacement females will be in high demand.

Lot 29 - 202L

Wade Lund & wife Lhei, thanks for the great help for 22 years Wade

HOMO POLLED/HOMO BLACK

Caliber has established himself as one of the great breeding Black Simmental bulls of his times. When ourselves and Lewis Farms purchased his first year semen rights in Canada on him we were pretty excited and he hasn't disappointed. Right now, his genetics are the most sought after progeny in the Simmental breed, world wide. His semen and embryos by him and live cattle are topping the Simmental breed. Look at Friday Night Lights sale, \$240,000 Caliber son, \$80,000 Caliber open heifer calf, \$115,000 Caliber open heifer and the list goes on and on. But the best part is what his bulls have to offer the commercial cattle industry. Performance – Performance, calved good at our place, great haired cattle, adds thickness, frame and are great footed. We are proud to again offer you our second year of Caliber sons.

SVS BLK Satin 80A - Dam of Lot 30

HOMO POLLED/HOMO BLACK

A super Caliber son that has size, muscle, depth, great hair coat and style to burn. He weaned off his mother at 945 lbs, in very dry conditions, was the heaviest weaning black bull this year and only started off with a 88 lbs birth weight. I love his mother, BLK Satin 80A. She was one of our top 3 picks at the WLB dispersal in 2020. She is powerful, good uddered, deep and angular, just a front pasture cow. Since we got her we sold a son to our good customers the Wiotas family at Lake Alma, SK. With a mother like 80A and a sire like Caliber, this is a no miss bull.

HOMO POLLED/HOMO BLACK Here's a Caliber son that I think is pretty special and out of a special young cow, IPU 33A's Ms Sierra 76H. She is a full sister to Brodyn's show cow, 117H. She is a IPU Bentley 81F daughter out of a Springcreek Liner 56U that we had flushed. Like I said how much I like this young female 76H, she's got a perfect udder, sound footed, deep bodied and very broody looking. We thing she's a front pasture cow for sure and as I write this footnote she just had a day ago twin heifer calves, full sibs to 33L. This bull will raise those desirable made calves and great set of females.

HETERO POLLED/HOMO BLACK This is a really neat looking moderate Caliber son. As you see by his picture, he's very stylish, clean made and I put in my notes, Angus looking. He's so nice headed, clean necked but has lots of top, muscle, great haired and really smooth made. He's for sure an eye catcher and would sire some fancy thick made calves that would be noticed at the auction mart and his daughters sought after.

HOMO POLLED/HOMO BLACK This will be the third bull Emerald 30E has brought to the sale. In last years sale a full brother to 105L, another Caliber son, sold to Brant Stenlund, Stettler, AB and the previous year to Brian and Darryl Kesslering from Viceroy, SK bought a Black Cinch son from her. Unfortunately, we had the misfortune of loosing Emerald this summer with hardware. Her calf 105L this year is real thick made, big topped, stylish and deep bodied. He would sire those thick soggy kind.

Lot 35 - 161L

HETERO POLLED/HOMO BLACK

Here is a good Caliber son out of a really nice Bentley 630D daughter. In last years sale her good bull sold to Allemand Ranches, Shaunavon. This Caliber son this year is one of our favorites, he's got good frame, big butted, deep and soggy and great haired. I've never seen a bull like Caliber put such great haircoat in his progeny. Beautiful, thick long hair. We believe this is a very important trait with our cold winters in Western Canada. The order buyers and feedlots really like this trait also. Take a good look at Caliber 161L sale day, he had an actual weaning weight of 940 lbs, an adjusted weaning weight of 898 lbs, ranking him 1st among his 29 contemporaries.

HOMO POLLED/HOMO BLACK

This is a nice blazed faced Caliber son born near the end of February, going back to a great uddered Lock N Load daughter out of the Candace cow family at Ankony's, made famous in the US. This very stylish baldy Caliber son would sire quite a set of replacement females. The baldy cattle, black or red, bring premiums at bred heifer sales, the auction mart and the commercial men and women who raise them.

HOMO POLLED/HETERO BLACK

A performance oriented Caliber son out of a really good PWK Max Factor cow we purchased from Tri-R Simmentals, MB. This big boy had an actual weaning weight of 930 lbs in a drought condition, ranking him in the top 25% of his group with an adjusted weaning weight of 842 lbs. If you want to add some weight and performance in your calf crop this could be the bull to do it. A full brother in 2023 sold to Leedale Colony, AB.

Full Brother to Lot 37

league champions

Cole McHattie has been with us for almost 2yrs now

Jenna following grandpa's foot steps

Lot 38 - 4L

HOMO POLLED/HOMO BLACK

We feel this is one of our feature black bulls in the sale this year. Circle 7 and ourselves purchased his dam out of the Springcreek Dispersal in December of 2022. This Mindbender daughter was our pick of the black cows and was the high selling percentage female in the sale. She has a beautiful udder, deep pear shaped, just a beautiful front pasture cow. 4L's sire is a half brother to Caliber, being sired by Structure. He is a baldy bull and was Brian's high seller in his 2021 Bull Sale. 4L himself is thick-thick, big topped and has a big white star on his perfect head- just a meat machine. This calf has a lot of opportunity in him. With the now CSA bylaw, 7/8 males are now considered purebred like the females have always been, you can breed this bull to your 15/16 and high percentage females and all the progeny would be considered purebred. Or put him on a bunch of commercials cows and wow! What a set of calves he would sire.

HOMO POLLED/HOMO BLACK

Following the 7L bull, a 901G son, is a calving ease son out of 901G's daughter, the Cowboy Cut 7J heifer. Every year we seem to have a good Skor's High Roller son in the sale and they have sold very well. I really like this years 69L bull. He is moderate framed, thick made, big topped, just a very attractive bull. With his 82 lbs birthweight, his excellent EPD profile is in the top 10% of the breed for both calving ease and birthweight, carcass; top 25% to 35% for weaning weight and yearling weight and has great numbers as well. And as a bonus he is homo polled and homo black. The heifer pen is waiting!

HETERO POLLED/HETERO BLACK A really good black Walk The Line son out of a good old Springcreek Lotto – Liner 56U cow. She's had eight consecutive calves and this is the 5th bull making the bull sale. The Lotto's and 56U's are some of the best all time cows, with great udders and can produce top progeny. 80L himself is thick, deep and moderate and huge topped. We feel this bull would sire quite a set of commercial calves, that could be sale toppers and you would want to keep a lot of his heifers for replacements.

HOMO POLLED/HETERO BLACK A nice baldy black Top Tier bull off a powerful El Tigre cow going back to the Elegante 3Y cow family. His dam, 76F, and granddam, 47A, are probably the two biggest, deepest, powerful, black cows in our black program. This guy should sire some really desirable progeny and many with the money making blaze face.

Lot 43 - 111L

Lot 44 - 104L

Miss R Plus 7172E - Dam of Lot 44

HOMO POLLED/HOMO BLACK

We believe this to be a true sale feature bull. Starting with his beautiful, powerful mother, a R Plus Hammertime female that ourselves and Circle 7 Ranch (the Oberle's) purchased out of the renowned R+ dispersal sale for \$50,000. She was our pick of the whole offering, just a super made female. Her Captain Morgan son was the high selling black bull also at the dispersal, selling for \$36,000. 7172E's first son she raised, R Plus Prosecution, his daughters in the sale were the open highlight heifers. And then you add in the \$150,000 R Plus Mandate bull as his sire and this is what the result is. A powerful, thick, deep ribbed, great haired powerhouse. There's a lot of future in this bull. Opportunity awaits.

HETERO POLLED/HETERO BLACK A really good RWR Chisel 41J son. Chisel is a bull we purchased from Red Willow Ranch along with Circle 7 Ranch. He is a blaze faced Crossroad Connected son that's doing a very good job for us and plan on using him a lot now. He adds rib shape, thickness, hair and most of all the baldy look. Black Chisel 165L weaned off his excellent Black Iron mother at 920 lbs with an adjusted weaning weight of 877 lbs ranking him 3rd out of 29 contemporaries. He's got size, shape, thickness, hair and bone. He is a deep power bull that will add weaning weight to your calf crop.

HOMO POLLED/HETERO BLACK Another black baldy son sired by LFE Loyalty, out of a good Liner 56U cow. 157A has fertility built in her as she has had nine consecutive calves in a row and she's had many progeny go through the sale ring. Bulls to Flying R Farms, Border Hills, LaBatte Land & Cattle, Gladmar, SK, Jarred Henderson, SK and a heifer to Michael Porter, Kinistino, SK (showed her and her bull calf this summer), Hanford Simmentals, MB and Downhill Simmentals, MB. This baldy bull has again, really good hair, he's long, deep and good muscled. Again, this is the kind whose progeny would be in demand at the auction marts and feedlots

HOMO POLLED/HETERO BLACK

This is a really good soggy, ¾ blood Mandate son. Been one of our favorites since birth as is his mother, that was our pick of the half bloods out of the R Plus dispersal. I haven't seen many Mandate calves yet but if they are as good as the two we got, Rainbow River is in for some pretty exciting calves as they purchased him for \$150,000 om R Plus 2022 bull sale. 210L is a really good bull for his age, he is soggy, loose hided, thick and deep. He had a nice moderate 92 lbs birthweight and had an adjusted weaning weight of 838 lbs, first out of his 8 contemporaries.

Lot 48 - 210L

Lot 49 - 27L

R Plus Yuma 9087G - Sire of Lot 49

HOMO POLLED/HOMO BLACK

Here is a really smooth made Yuma $\frac{3}{4}$ blood bull out of an exceptional $\frac{1}{2}$ blood cow. We are working on a half blood and $\frac{3}{4}$ blood program now, not many numbers but high quality is our goal. This super smooth female is one of our favorites, great udder, pear shaped, a front pasture cow. 27L, like his mother's sire, he is very smooth made, attractive, long spined and we believe would be a great prospect for the heifer pen.

HOMO POLLED/HETERO BLACK

We think this is a sure fire calving ease son of R Plus Yuma. Yuma himself calved very good and could have been used on heifers. His mother is a super uddered young Angus female with a super good udder. The Yuma's are really good uddered, so if you are looking for a bull to improve udders, calve great, add style, look no further than 116L.

HOMO POLLED/HOMO BLACK So our new employee started with us January 4, she is Darlene Scriber of Lloydminster, AB and we couldn't be more pleased with her. A hard worker, very knowledgeable about calving cows and operating equipment. Excited to have her on board. She asked me the other day if she could write the footnote on 208L, one of her favorites. This is it in Darlene's words: "This is the black baldy bull you've been looking for. He checks all the boxes being moderate in his build, smooth in his shoulder and wide across the top. This bull moves out nicely and will surely cover lots of ground getting those cows bred. He's a front pasture type of bull with an attractive head." Well done Darlene!

Darlene Scriber

HOMO POLLED/HETERO BLACK

A nice thick black baldy bull sired by RWR Chisel 41J, out of a nice uddered Priority female. He is an end of February but possess a lot of muscle, depth, eye appeal and is great haired like the Chisel's are. With his nice baldy head, and style he would add lots of value to your calf crop, siring those money stripe calves that are very saleable.

HOMO POLLED/HETERO BLACK

We think this March calf is a standout. He is mothered by a really good uddered Uppercut daughter who is the result of an embryo out of the RJY Signature 3X cow family. He's young but has always stood out. He's thick and deep, loose made, correct, good haired and stylish and has that proud herdbull look. There's a lot of opportunity in this calf, whether purebred or commercial.

Black Gold Ms Perry 141F - Dam of Lot 54

A definite sale feature bull! 'The Architect'

This polled Havoc calf has been a standout since birth and why wouldn't he be with the mother he has got. Black Gold Ms Perry 141F, maybe the best fullblood cow walking our pastures. Kelly Oberle and ourselves purchased her out of the Border City sale at Lloydminster where she was the high selling female. She is dark cherry red, pear shaped, stylish and has an excellent udder. This is the third bull of hers to go through the bull sale with the others selling to Silzer Land & Cattle and to Pine Creek Simmentals and 619 Land and Cattle. Architect is the result of an embryo, he has two polled sisters in our keeper heifer pen that are also very good. His recipient mother died when he was about 4 months old so he was moved to a Holstein who already had three calves on her. He still managed to wean off at 895 lbs with an 854 lbs adjusted weaning weight. Wonder what he would be weaned off at if he would have had his original mother? Architect is blood red right down to his feet, big wrap around goggles with red lips, deep-deep bodied, big topped, excellent feet and legs, performance with size and POLLED.

NON DILUTER Another really good Havoc son out of our Fleckvieh Adonis cow that we purchased out of the Black Gold program. He too is dark cherry red, deep bodied, great haired, deep and thick. His mother just had twin Canon bull calves a couple days ago as I write this. She is a big, hairy, good uddered easy doing cow. If your looking to add color, hair, thickness and performance, he could fit the bill. He ranked 8/62 for adjusted weaning weight.

POLLED/NON DILUTER

Another feature Polled bull! A polled son of Southseven Mr Adonis 96Z. A very unique pedigree in a polled pedigree. We feel Mr Adonis 96Z (STUEY) is maybe the best breeding Fleckvieh fullblood bull of all time. His progeny are still in high demand both females and bulls. 78L's dam, Golden Cherie, was purchased from Johson Ranching as one of the high sellers in their fall female sale. We just recently in December at the Simmsational sale sold a bred heifer from hers for \$14,500 to Pheasantdale Simmentals. If your looking for a dark cherry red polled outcross Adonis son here he is.

I like this bull a lot. His mother is one of our best. Her first three calves were all heifers and are all retained in our herd. In 2020 she had probably our top bull of the whole pen, a homozygous polled Canon bull, now working at Packett Bros. A full brother to 168L working with the good commercial herd of Cliff Barnetts and now this full brother 168L. This calf in my mind is very very good. Great haircoat, thick made, big topped and lots of eye appeal. He will add style, stoutness and capacity to your calf crop. His calves will push the scales down.

HOMO POLLED/NON DILUTER

A homo polled Canon son who we never got a picture of photo day. It was snowing that day and been in a rush we missed him. So we put in the picture of his sire Sunny Valley Canon 86E who is homo polled also and has done a great job for us. 143L's mother has just calved her ninth consecutive offspring as I write these footnotes, a beautiful polled dark red Barbarian heifer calf. His mother 29B, knows how to raise the good ones, including a \$34,000 sale topper bred heifer at Simmsational, a full sister also selling in Simmsational the following year to City View Simmentals, where she went into their donor program, and bulls to Reitan Holdings. 143L himself is moderate framed thick and stylish and is Homo Polled.

RWR Walker 15J - Sire of Lot 65

NON DILUTER

Absolutely love this bull! One of my personal favorites of the whole sale. His sire, RWR Walker 15J, was the \$100,000 bull ourselves and the Oberle's purchased out of the Red Willow Ranch Sale in 2022. Unfortunately we had trouble with him and this is the only bull calf we got and two outstanding heifer calves. We believe it was a real loss to our Fullblood program and to the fullblood industry as he was a beast of a bull, thick and deep as any bull we've ever seen. 204L's mother is a really good Adonis 96Z cow, long bodied, good uddered and produces what the Southseven Adonis's are known for. Take a good look at this meat machine sale day, he's an end of February bull, as stout as they come, dark red, big goggles, huge topped, dark red hooves and a super quiet disposition. He also ranked 3/62 contemporaries for adjusted weaning weight. A true HERDBULL!

www.eastpoplarsimmentals.com

Welcome to the 44th Annual LaBatte Simmentals Bull and Female Sale! We're thrilled to bring you another fantastic set of bulls this year. A big thank you to Barry and Brenda for consistently having us as the guest consignor.

Our daughters, Embrie and Eva, are growing like weeds, and it's truly a joy to witness their unique personalities emerge. Embrie is soaking up all the new and exciting things in Kindergarden, and Eva keeps us all on our toes, ensuring there's never a dull moment in our day!

What a great time to be in the cattle business! Prices are as strong as they've ever been and that strength appears to be holding for the foreseeable future. Now more than ever, cattle buyers are looking for those heavyweight crossbred calves. Bred cow sales have been extremely strong throughout last fall and into the new year. A lot of optimism is great to see in this business as we all know it can be challenging at times. This year's moderate winter temperatures have saved a lot of bales which is much needed for many producers.

Due to a few years of drought in a row we have made the switch to feeding silage in order to put up more feed on our limited acres. Although I was admittedly a bit nervous to make the switch, I couldn't be happier with how the cattle have performed. The bull's ration has been developed and balanced specifically for a reasonable amount of growth and long term performance.

All the bulls are on our herd health program and will be semen tested and guaranteed. Delivery is free of charge, but we do ask that any bulls that come back to our place for wintering are insured. Most of the bulls in our offering have been homo polled and homo black tested.

Visitors are always welcome, and the bulls are available to be viewed on the farm at any time or give us a call to discuss any of our offering. Videos of the bulls are available at www.eastpoplarsimmentals.com. If you are unable to make the sale, the Bohrsen Marketing crew listed at the beginning of the catalogue are able to assist you or give myself or Barry a call for assistance and questions.

Hope to see you all March 1st at Johnstone Auction Mart in Moose Jaw, SK or join us online with DLMS.

Kyrone Manske

HOMO POLLED/HETERO BLACK

If you are looking for a performance black bull with some added look and maternal power mark your book on this guy. Naturally muscled, well balanced and wide topped is how I would describe him best. He comes from a 56U sired cow who is one that continues to produce consistent high quality progeny.

Miss R Plus 0026H

This was a much anticipated calf and hasn't disappointed since he was born at the end of February. Back in the spring of 2022 we were fortunate to purchase the pick of the first calf R Plus heifers in their last bull sale and this guy was our first embryo calf off of Miss R Plus 0026H. To say 0026H is our type of female would be a huge understatement. She's wide from behind, deep from the side, and ties her shoulder in to her front third beautifully. We feel her udder flawless and we are very excited for the things this female will do in the future. 366L himself is big ribbed, free moving, and like all of the mandates very hairy. He is the youngest in our offering by a couple weeks so don't miss out on this guy.

HOMO POLLED/HETERO BLACK

We have been breeding a handful of our Simmental cows to Angus bulls the past few years in the hopes to produce some high end half blood cattle. We have successfully used SAV Renovation for a few years in this capacity and this is exactly why we continue to use him. Added length, structural correctness and shape is exactly what 323L exhibits and comes from a powerful El Tigre dam.

HETERO BLACK

Here is a high quality three quarter blood baldie bull that we are high on. He comes out of a highly productive Champs Bravo daughter who has a beautiful udder and is one that will catch your eye in the pasture. Sired by our walking herd bull "Union" that we own with Townview Farms. Union consistently sires moderate framed progeny with added rib shape and muscle. This guy is sure to sire a pen full of high quality blaze faced calves.

Lot 70 - 329L

Lot 71 - 336L

HOMO POLLED/HOMO BLACK

Another Mandate bull here that ties it all together nicely. I was at the R Plus bull sale in 2022 when Mandate sold I knew he was a bull we'd like to use in our program. 336L has loads of hip, tons of hair and masculine in his type. His dam has put a couple of bulls through the bull sale to date.

HETERO POLLED

When you want to talk about a bull with a lot of natural power and mass this is one that comes to mind for me. You have to appreciate his depth of body, spring of rib and extra width in his hip. 302L comes from one of our favorite cows on the farm, not only from a conformation standpoint, but also because "Bobby" is a bit of a pet. BOBE 38B was crowned the AgEx Grand Champion female in 2016 and hasn't looked back since. We have flushed her in the past a few different ways and her calves, both natural and transplanted, have her same calm demeanor and are powerful in their type. A maternal sibling to 302L is doing a great job at Tri K Cattle in Beaverlodge, AB.

LaBatte Simmentals will be consigning 16 open heifers in this years sale. We have 112 heifers in the keeper heifer pen so we dug deep into them with some really top notch heifers. They are represented by some of our leading sires – RF Caliber, Black Gold Elevation, Mountain View and others. We didn't get our heifers DNA'd for homo polled this year, the ones we know by parentage we will add to our footnote but most of the black and red heifers would be homo polled as we only use homo polled sires and the mothers are mostly many generations polled. If you have any questions about these heifers before the sale, be sure to give us a call and we would be glad to go over them with you. Or better yet, come and have a look at them before the sale. We would be glad to show you them and their brothers in the bull pen. It was snowing the day we took the heifer pictures but you can still get a good idea how they look.

Lot 82 - 19L

HOMO POLLED BY PARENTAGE

This is a $\frac{3}{4}$ blood heifer that fits right in with the top Caliber daughters. We purchased her mother out of the Sunrise Simmental dispersal sale where she was our pick of the half blood cows and maybe of all his black cows. She's a beautiful, deep ribbed cow with a good udder and has already been in the transplant program. And look at her pedigree, an own daughter of Captain Morgan and a granddaughter of the great Springcreek Brooke 68Z cow. There's a lot of opportunity in this heifer and could possibly be a donor female herself someday.

This is a really nice made, nice footed, pear shaped, good haired LFE Loyalty heifer out of maybe our most powerful black cow in our program, a Poker Face daughter out of the matron Black Joker cow, NUG Elegante 3Y. 47A is so deep bodied, broody with an excellent udder. This heifer calf has a lot of potential with her elegant look and style.

HOMO POLLED BY PARENTAGE

This is a really fancy dark cherry red Yuma daughter out of a blood red Bootlegger daughter going back to the Pocahontas 68M cow family. The Bootlegger 72B cow was sold through the Simmsational Sale as a high selling bred heifer. Quinn Wilson purchased her but about a week later Wade talked me into trying to buy half of her back from Quinn as she was his favorite heifer. Quinn agreed and our partnership began. This Yuma daughter is a sweet heart, she's very stylish, complete, will have a good udder and be a producer.

Consigned by Labatte Simmentals & Wilson Stock Farms

SVS Betts 808F - Sire of Lot 85

A favorite of ours all summer. These Betts cattle are just plain good. This heifer is so broody looking, deep and angular, pear shaped, easy doing and very attractive. I'd like to have a whole pen of these type of heifers. Her mother is a good Bentley daughter in a red package going back to the very good Ms Red Ribeye 175N cow. If his heifer doesn't make a great cow then I don't know much about the cattle business. A true brood cow in the making.

HOMO POLLED BY PARENTAGE

A really nice made WFL Mountain View 4J daughter out of a beautiful red Liner 56U cow ourselves and Oberle's bought out of the Windy Hill Livestock Sale. She was a great red heifer calf out of the famous Soda Pop flush daughter. Wish I had a picture of her now, she's a beautiful front pasture cow. This 20L heifer is much like her mother just in a darker red package, very feminine, deep ribbed and stylish. A heifer with a great pedigree and future.

Mader Walk The Line 92J - Sire of Lot 87

What would a sale be without a red blaze feature heifer calf. Her blaze faced, great uddered Brooks mother has sent progeny to the sale before and we have a really good daughter of hers retained in the herd. This mid February heifer calf has a perfect blaze, really dark red, a beautiful profile and sired by the great Mader Walk The Line bull. With her Brooks mother and a super Red Chief grandmother, there should be the making of predictable genetics.

A good WFL Mountain View heifer that we really like, and she's out the Normac cow family going back to the matron Miss Normac 16M cow. We purchased a semen package on Mountain View from Westway Farms and Black Gold Simmentals. WE couldn't be happier with his calf crop. He was selected for his performance, color, haircoat, great set of EPD's and his beautiful dam. We bred most of our second calvers to him and are really happy with both bull calves and heifers as will be evident when you see this heifer.

Will end the red section of our heifers with a pair of Top Tier daughters. We really believe Top Tier is one of our best bulls we ever purchased over our long careers in the Simmental business. He's a bull that calves so good, leaves many blaze faces but most importantly raises very saleable bulls and heifers who have his muscle shape and style. With his daughters calving now the proof is in the pudding as they say. Really nice uddered, calve easily themselves and have do-ability. This heifers is proof of his worth as she's deep and soggy, big topped and broody.

POLLED BY PARENTAGE

This is a really nice made, smooth Polled Reputation daughter that's many generations Fleckvieh and could be possibly homo polled as her good uddered mother is homo polled. 30L is really attractive, has a nice polled head, dark colored with big goggles, broody and correct. These polled Fleckvieh fullbloods are in high demand right now both with the purebred breeders and commercial industry. There is a big time opportunity in this heifer.

A really nice stylish Battle Cry daughter out of a big old IPU Romano cow. I've always really liked this heifer with her attractive look, dark red goggles, long made, going to make a cow like her mother. And what can you say about NAC Battle Cry 4F, he's a easy calving bull with great calving ease numbers, but still leaves you with some stout, very saleable bull calves and very good females. He's a very popular bull in the Fullblood world. Take a good serious look at this female.

FOOTNOTE FOR LOT 93 & 94

We finish the fullblood section with a pair of twin heifers. Both raised on their mother is a very dry rainfall year. She had a total weaning weight of 1375 lbs, not bad for the old girl on the very dry, grasshopper infested pasture. This is her 4th and 5th progeny going through our Bull and Female sale with two bulls selling to Belle Plain Colony and one feature bull to Richard Van Sprundel, Manor, SK. We couldn't decide which heifer to put in the sale, so we put both in, you decide which one you like the best. Don't overlook these twins, both raised by their mother.
