One of our personal favourites! He is moderate framed, soggy, and possesses a great deal of muscling & power. He is backed by a cow family who has performed incredibly well for us here & needs no introduction in the Shorthorn world. This bull has made a lot of friends - he's quiet, sound & ready to kick out with cows or heifers!

21K is awfully exciting for us - he is out of one of our most maternal cow families, and these females rarely have bull calves! 21K is eye appealing in a lot of ways: cherry red, long bodied, smooth made & free moving. His pedigree is exciting & proven! His grand dam is an exceptional mama cow with a flawless udder, and shes been passing this on to all who carry her bloodline. She continues to produce a top end calf each year. He's also a grandson of HC Drum Major 11D who bred incredibly well for us here for many years. This guy should fit in a lot of programs nicely. We're looking forward to seeing 21K's progeny!

This bull's dam is one of our very best females, who we think very highly of. We are always a bit disappointed when we don't get a heifer calf out of her, but it is also exciting to be able to offer our very best! 11K is thick topped, well balanced, sound & easy doing.
