RED WHITE & BLACK CANADA'S bull sale

Saturday, March 21, 2020 • 1:00 PM • Johnston Auction Mart, Moose Jaw, SK

welcome to the sale

Dear Friends and Cattle Breeders;

We invite you and your family to join us on Saturday, March 21 for the seventh annual Canada's Red White and Black Bull Sale. An enthusiastic group of seedstock producers have come together to offer their best bulls to you. If you need to add a new herd sire or several bulls to your program then there is no one sale with more options.

This year's group of consignors are offering nearly 70 bull representing Polled and Horned Herefords, Red and Black Angus, Charolais and Simmental bulls. The quality of the animals that make up these consignors herds is of the highest level. As you read this catalogue please notice the pedigrees full of great sires and dams, and you will also see photos of many individuals through the catalogue. This sale is a great place to select the industries best genetics from passionate breeders who are dedicated to the Beef business. You can feel confident in the bulls on offer.

We welcome back Darnell Fornwald and his new company First Class Cattle Marketing as the sale management team. If you need any assistance please feel free to contact any of their staff.

Please come see the bulls on offer Friday afternoon March 20. We will have snacks and a few beverages to share. And we will be serving lunch on sale day.

If you can't be at the sale on March 21 then please take the option to use the real time bidding option by joining us on DV Auctions. If you need a second opinion you can feel confident that one of the sale staff will be available to help.

We look forward to seeing you in Moose Jaw on March 21, 2020.

Sincerely,

The Consignors of Canada's Red, White and Black Bull Sale

welcome from First Class Cattle Marketing

Welcome to the 7th Annual Canada's Red, White & Black bull sale. It is with great privilege that we have been asked to be part of the sale once again this year. The entire team at First Class Cattle Marketing is very honoured to help represent this great group of consignors and an excellent set of bulls. On offer will be roughly 55 bulls representing 5 different breeds. This year sale will once again consist of yearling and two year old bulls. There is an excellent selection of heifer approved bulls to service your replacement pen and power bulls to service the cow pen. There is also a great selection of highly maternal bulls to raise those top end replacement heifers and terminal bulls to raise those heavy weaning steer calves. Whether it's a yearling or two year old you prefer, the bulls on offer are bred and raised to go out and work and also are fed to last. Please contact the individual consignors if you have any questions about the bulls on offer.

Please plan on joining us on March 21st in Moose Jaw for the sale. There will also be hospitality and viewing the Friday before the sale for anyone that is interested. If for any reason you can not attend the sale please feel free to give anyone of the First Class team a call. Our team is very familiar with the offering and will represent you in a very professional manner in assisting you with your next herd bull purchase. DV Auctions will also be on site if internet bidding is what you prefer. I hope to be able to visit with all of you in Moose Jaw and wish you all the best in 2020.

Regards,

Darnell Fornwald

LV FARMS

We would like to welcome you to another version of the RWB Bull Sale. As always, our bulls are guaranteed and can stay at our place until either you need them or June 1st. You are welcome to stop by the farm before the sale to view the bulls and their mothers. As always don't hesitate to call should you have any questions/concerns or just want to talk cattle.

For the third consecutive year our feature yearling bull is mothered by the Sherry 27Z cow, at 8 years old her udder is picture perfect. All five of her sons have become herd bulls, and 18G is no different. High quality with extra dimension, he exudes herd bull character. Adding in the pigment and you have a total package.

Dam: Glenlees 7101 Sherry 27Z

I really like this 2 year old. He's stout and soggy with a great hair coat. Terrific cow family behind him as well.

LV Cannon L 49F

LONE PINE CATTLE SERVICES

Lone Pine Cattle Services is located in Vibank and is owned and operated by Rob and Dawn O'Connor. We breed about 100 purebred females annually. Our genetic program is made up by using a combination of herd bulls, artificial insemination and embryo transfers.

Our bulls are raised using a 13% ration and free choice hay. The yearlings spend the summer at a pasture about 15 miles from our farm.

Our calves are vaccinated in late spring with Vision 8 Somnus with SPUR and in autumn with Pyramid FP5 with Presponse.

Rob, Dawn, Lexie and Jessica O'Connor

HMS HI-CLIFFE

HMS Hi-Cliffe, owned by Hunter, Morgan, Sydney, Brenda, and Carmen Millham. We are a small family ranch of 20 purebred Polled Herefords. We are passionate about raising quality cattle for the commercial and purebred industry.

The processing protocol: IBR, BVD, BRSV, Pasteurella, Hemophilus, and Blackleg vaccines, endectocides and fly control are given in the spring and fall. Bulls feeding regime: Free choice hay supplemented with Masterfeed Propel and a vitamin/mineral mix.

We raise and breed our bulls for the pasture and commercial industry; fortunately, some are good enough for the show ring and purebred herds

A Homozygous Polled, fully pigmented bull we used last season. We were able to obtain an outcross mature herd sire, so we are able to offer Falcon to you this spring. He was Reserve Grand Champion Bull at the 2018 Lloyd Stockade Roundup and Reserve Yearling Bull at the Junior National Bonanza'19. He is an embryo calf from our foundation "Xcel" cow and Catapult 109. His maternal brother, Commando 64C who sold in this CRWB bull sale proved to be a successful breeder and a crowd favorite at CWA'17. Falcon is a proven, short marked, eye appealing bull with muscle and length.

We were lucky enough to get some of the limited semen supply two springs ago on S A V Reign, and this is the resulting calf from our Sheidaghan Elba 50B who is one of the deepest bodied cows we have. 107G is just a total stud, he checks a lot of boxes off. He's in the top 6% for WW, top 9% for YW, top 3% for milk and has a +2.1 BW. His two maternal sisters had great showing success for Hillary Sauder at Windy Willows - this guy was also a Top Ten Finalist at the recent Saskatchewan Angus Sweepstakes. We could sit here and talk to you all day about how 107G will make replacement heifers or add pounds to your calf crop but do yourself a favour and just come see him! He'll be a cornerstone breeding piece in any program.

Cruiser is a very well put together bull. He has excellent performance with a moderate birth weight and an excellent set of EPD's. He has a little more frame and lots of length to go with it. Near perfect foot and hoof structure to go along with his typical Angus mother makes him a very good candidate for being a herd improver. Parentage verified.

Hank is a nice moderate middle of the road type bull. Good performance, decent EPD's and a smaller framed mother with an awesome disposition. He will produce excellent females and decent steers that will make you money. Parentage verified.

Geology is the top performing bull for weaning and yearling weight in the bull pen. Super long bodied, thick and deep, his calves will pound down the scales at weaning. His big bodied, deep sided dam is a beautiful female. Replacement females and top performing steers calves are a recipe for making money. Parentage verified.

37G is a very well-bred bull. Moderate birth weight and decent performance backed up by outstanding EPD's. A very docile bull, with excellent feet and hoof structure. His awesome dam has had 5 bulls and everyone has made the sale. This year she has gifted me with a daughter and I am very impressed with the development of that heifer so far. Parentage verified.

Born just 2 days shy of the New Year, his exceptional dam was the first Angus cow I ever bought and she ended off her career with a bang. Fertility beyond compare, twice she has had 2 calves born in the same calendar year at opposite ends. Low birth weight with decent performance means he will work in the heifer pen but still leave you exceptional females. His daughters will milk much better than what his EPD's would suggest. Need a little more frame and extra length and a super quiet disposition added to your herd, then he is the bull for you. Will be parentage verified.

A good low birth weight heifer bull with performance to spare, he was second in the pen for weaning and yearling performance. An exceptional 3 year old mother that I have high hopes for. Her first calf heifer just laid down and spit out a beautiful low birth weight cross bred bull calf and is mothering him very well. Exceptional feet, legs, hoof and udder structure run strong in this cow family, as well, as more than a sprinkling of calving ease, backed by some outstanding mother cows. Parentage verified.

This is as stout of an alliance calf as you will find anywhere. Very tidy, through his front and sheath with a nice smooth head and shoulder. He was shown on his Riddler mother at Agribition last fall. She is the best female in the operation. Volume, length, performance and a picture perfect udder. Relentless will add pounds and style to those male calves and his daughters will be herd builders second to none. He is homo polled.

Ramon is an ET calf sired by the immortal Crosby and out of the super power cow Cross Roads Ramona. This homo polled black bull is a pound maker. On moderate framed cows he will do a bang up job adding tons of middle and length to his calf crops. Ramona genetics are those of maternal cow power and the Crosby females speak very well for themselves also. Buy with confidence that Ramon will get the job done on the scale in the fall and in the replacement female pen as well.

Revolution is off a first calf heifer that we added to our program out of Cedarlea farms. Revolution is a bottoms up son who is well known around the Charolais breed. I admire revolution for his big body and great footing. I am very pleased about how he progressed and look forward to seeing him be successful in his new program.

• TERMS & CONDITIONS •

The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made prior to the sale. The right of property shall not pass until after settlement is made. First Class Cattle Marketing reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should the purchaser fail to settle for his purchase, First Class Cattle Marketing reserves full power to resell the animal to the best advantage, either publicly or privately, without further notice. Any loss arising from such resale, together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. The owners, First Class Cattle Marketing and sale staff have the right to refuse bids from anyone who has a previous record of default in payment and/or who has not made prior credit arrangements prior to the sale with the owners and/or Sale Management.

BID Every animal consigned to the sale must be sold by auction. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

DISPUTES In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK Each animal becomes the risk of the purchaser as soon as sold.

ANNOUNCEMENTS from the auction block will take precedence over printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY The proper Registration of Recordation paper, as the case may be, will be duly transferred and furnished to the buyer for each animal after settlement has been made.

SHIPPING Assistance will be given in making shipment after the sale, but Sale Management or Seller assumes no risk. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instruction when making settlement.

GUARANTEE All animals will carry standard breeding guarantee as specified by the applicable Canadian breed Association. At no time shall the seller's liability exceed the purchased price of the animal.

EXCEPTION TO GUARANTEE In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void. In the cases of bulls, they are guaranteed to breed naturally according to applicable Canadian breed Association guarantee, but no guarantee is given that semen from any bull will freeze.

HEALTH It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. First Class Cattle Marketing assumes no responsibility for the health status of any animal in the sale.

ACCIDENTS Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sale Management, auctioneer, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and the terms and conditions of this sale do not cover obligations of the two parties connected thereto.

FIRST CLASS CATTLE MARKETING LTD IS AGENT ONLY It is clearly understood that First Class Cattle Marketing acts only as agent between buyer and seller and is not in any way responsible for any failure by either party to live up to his or her obligations. First Class Cattle Marketing does not assume any financial obligations to collect or enforce collection of monies by either parties, and in exceptional case, any legal action will be between buyer and seller. First Class Cattle Marketing Ltd has no ownership of the facility and assumes no responsibility for the operation of said facility.

Equipment in the field, cattle in the pens.

Discover livestock production at Ag in Motion. BMO Livestock Central features over 75 exhibitors, and includes species-specific themes, programs and demonstrations tailored for producers of beef, dairy, bison and sheep. Watch real-time demos of cattle handling systems and forage equipment, and take in the Livestock and Forage Speaker Series presented with the Saskatchewan Ministry of Agriculture. Ag in Motion is the place to see and hear about the latest in livestock innovation and technology.
