

2019

South Saskatchewan

Simmental & Angus Bull & Female Sale

Monday, March 11, 2019 - 1:00 PM

Johnstone Auction Mart - Moose Jaw, SK

FEATURING:
Curtis Simmentals • Flying TL Simmentals
Triangle 33 Simmentals • Edwards Angus

From the desk at **T BAR...**

Welcome to the 2019 edition of the South Sask Simmental and Angus Bull and Female Sale, March 11th at Johnstone Auction Mart, Moose Jaw, Saskatchewan. The Curtis Family, Barry and the boys, along with Terry and Loretta Young, Flying TL Simmentals and Triangle 33 Simmentals, the Ritter & Young families present a top cut of Simmentals; while Laird Edwards, Edwards Angus offer the Black Angus component. This combination of two breeds is a one-stop shopping sale where you can select bulls with performance, high in maternal values and those with calving ease.

The lineup offers both yearlings and two-year-olds, black and red herd bull prospects. Rugged, deep sided, thick topped with plenty of hair and testicle, they are sired by the leading sires the industry has to offer. With four breeding operations involved there is a diversity in both genotype and phenotype. Bulls that will work in all types of programs and environments...for all types of budgets. New to this year's event is the addition of some top end open replacement heifers. South Sask will be well worth the trip and a day in town.

The livestock is healthy and very stable. Those who have purchased top quality sires in the past few years have been rewarded as both Simmental and Angus have and will continue to be market leaders in the pasture, the feedlot and the kill floor. Being current with your herd bull battery will keep your herd and program moving forward to your advantage.

If we at T Bar C may be of assistance, prior to or sale day, please contact any of the T Bar team and we will be pleased to offer our professional services.

Welcome to the 2019 South Sask Simmental and Angus Bull and Female Sale. We would like to start off by thanking everyone who attended the sale last year, also all the bidders and buyers, your support is greatly appreciated. We would also like to thank the crew from T Bar C, as well as the other consignors, for making this day possible. Last but not least on the thank you notes, we would like to thank our crew that has been there and helped us with the bull sale from day one. From helping clip, picture the bulls and the help on days before the sale, as well as sale day, we couldn't ask for a better Curtis crew. Thanks for all your help. This year we will be offering 32 yearling bulls and one two year old to suit all your needs from solid reds, red baldies, to solid blacks and baldy. We are very proud to offer you our biggest group of Kill Switch sons this year and what a consistent group of young herd sires they are. They come with moderate birth weights and get up and grow. The females Kill Switch is producing are absolutely beautiful from their flawless udder quality to sound structure, as well as that momma cow look to them. We also have two heifer bull candidates sired by the sleep easy, calving ease bull himself, Sheriff and boy did they come small, unassisted and explode with growth! Be sure to check them out. If you would like to stop by the farm to look at the bulls prior to sale day give us a call, someone is always around. We look forward to seeing everyone sale day.

Homo Polled. This dark cherry red, Kill Switch son is a stand out in the pen right from his dark red color to his overall mass. He's wide topped, big barrel of rib shape to him, huge quarter on him all in a complete package with sound feet and legs. We are very happy with our Kill Switch calves and how they develop from calves to bulls. They are all deep bodied, wide hiped with lots of growth, good haired, sound and big nutted. This is the first year Kill Switch has daughters milking and we couldn't be more happy with the udders the females have set down from teat size and placement to the capacity of milk they have. They truly are picture perfect udders. 53F's dam is a solid dark cherry red female that did an awesome job on this guy. She is a young cow and starting to prove her weight in the herd. She's a big, deep bodied, sound cow with a good udder under her.

HOMO POLLED. A really good, clean made, Kill Switch son here. He's deep bodied, wide topped, deep quartered, has good testicle development and really moves out quite well. His dam is an awesome producing female for us that has had sons in our top end of the bulls come sale day and she did it again. As well, we have retained females off her in the herd and they are flat out good ones. If you are looking for a bull with lots of style, a great look and will add pounds to his calves, this bulls what you're looking for sale day.

HOMO POLLED. This young herd sire has been a true standout since day one. This big, strapping, dark cherry red individual is by far one of the stoutest bulls I think we have raised and he's got the money strip to boot. If you are looking for a bull to add some depth of body this bull has more than enough. I don't think I have seen a bull with this much capacity. 12F is wide topped, big square hip on him, good testicle development, deep flanked and very sound on his feet and legs. We retained a full sibling to this guy in the heifer pen and is now producing for us and did she ever set down a perfect udder. We can't say enough about these Kill Switch daughters and the udder quality they have under them as well as their broodiness while still keeping their femininity. This guy's dam has been an awesome producing cow for us. We have retained every female off this cow and they are all good producing, sound females with perfect udders. Be sure to check this guy out sale day. He really is a true sale feature.

Flying TL Simmentals

TERRY & LORETTA YOUNG
 BOX 251, EARL GREY, SK S0G 1J0
 TERRY: 306-725-8280 P: 306-939-4803 E: TLYOUNG@SASKTEL.NET

We would like to thank Curtis Simmentals for the opportunity to participate in the South Sask Simmental Bull Sale. Our cow herd calves out on pasture in spring so our bull calves are being sold as two year olds. We did purchase some herd dispersal cows in December 2016 so we do have some bulls born in January/February 2017.

We are committed to raising two year old bulls, with the bulls being allowed to develop at a slower rate and you, the customer, get a more mature breeding bull. These bulls are stronger and are able to breed more cows and stay in great condition.

We develop these bulls on an oat based diet with free choice hay. We don't push these bulls, we let them grow and develop into strong two year old herd sires. Bulls are on a full herd health program and they are also vaccinated for foot rot.

Feel free to stop by anytime to look at the bulls.

We purchased Mr. Emory's dam as a bred heifer in the Twin Brae Simmental herd dispersal in December 2016. He is sired by the well known, outstanding, NCB Cobra 47Y bull who ranks high for calving ease. Mr. Emory ranks in the top 1% for Calving Ease in the Simmental breed. He is black with a white patch on his forehead. He would make an ideal heifer bull as his birth weight and EPDs indicate, without sacrificing his overall well built appearance. The picture shown does not do this bull justice.

Young Mr. Ennis is the result of mating a heifer we purchased from Rendezvous Farms with MFR Dreamboat 3B, who we co-own with McCormack Family Ranch of Grenfell. The dam did a great job on her first calf. Mr. Ennis has been a favorite pick of the pen even as a yearling. Exceptional muscle and mass to this bull. He has above average EPDs and will sire an outstanding group of calves.

This red bull came into the world at 60 lbs., making it an easy delivery for his first time dam, but don't let the light birth weight take away from his growth. He has the potential to be a heifer bull as his EPDs indicate. Mr. Essex is in the top 1% of the breed for Calving Ease and in the top 15% for Milk. A good stout bull with a moderate frame. He should make calving a stress free event.

 BOX 251, EARL GREY, SK S0G 1J0
 MATT: 306-550-8301 | MATTHEWRITTER@ICLOUD.COM
 AUSTIN: 306-731-7895 | AUSTIN.RITTER@HOTMAIL.COM

First off, Triangle 33 would like to thank the Curtis family for letting us be a part of this great sale, all the guidance and help they have given us to get ready for our first sale, is greatly appreciated.

Triangle 33 Simmentals is a new family based purebred Simmental operation near Earl Grey, Saskatchewan, which encompasses the Ritter and Young families. Our breeding females were sourced from Saskatchewan, Manitoba and Ontario. Along with well known AI sires, we purchased a truly special bull from Black Gold Simmentals of Lloydminster, Saskatchewan known as Black Gold Advance 8D. His offspring have been really impressive and we can't wait to see his 2019 calves perform. Our first calf crop hit the ground in January 2018 and we are pleased to offer one black and eight red bulls for your evaluation. We are also selling one black and three red open purebred heifers.

Bulls and heifers are both fed an oat based diet with free choice brome hay. We feel strongly to let these animals develop and not push them too hard. We work closely with our vets to maintain a full herd health protocol.

Bulls and heifers are available for viewing anytime.

OPEN *Commercial* HEIFERS

Also on offer from the Ritter and Young families is approximately 25-30 home raised Simmental cross open heifers. There will be seven black/black blaze faced heifers and the rest are red/red blazes. All heifers have been pregnancy tested open and are ready for the breeding season. These heifers have been under a full herd health program. They will make a great addition to any cow herd.

Commercial open heifers must be picked up sale day or the following day, unless prior arrangements have been made.

Edwards Angus

Welcome to this year's South Sask Simmental and Angus Bull and Female Sale. This year I have 11 bulls that excel in calving ease, maternal traits and performance. They have all been fed a high oat and dry hay ration to promote growth and longevity. If you have any questions regarding my bulls don't hesitate to give me a call, I look forward to discussing them with you to help you make your decision making easier. Hope to see you sale day.

Edwards Thrive 322F is a flat out powerhouse. He is a massive made bull that exhibits as much length, capacity, muscle and dimension as any bull. He is the heaviest bull I have ever weaned off. He is a large testicled bull that is super sound and large footed. His dam is a model Angus cow that traces back to the great Persephone cow family that came out of the Cane Ridge program out of Kentucky. Edwards Thrive 322F is the best bull I have ever raised and could make a positive impact on any program.

TERMS...

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

BIDDING...

Each animal will sell to the highest bidder...no by-bidding will be permitted. Disputes - Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

ANNOUNCEMENTS...

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

BREEDER'S GUARANTEE...

All bulls sold are guaranteed breeders by the owners. We guarantee to provide you with a sound breeding bull. Should any bull fail to be an unsatisfactory breeder, he will be replaced with a bull of equal value or a credit will be given toward the purchase of another bull. If you have a problem with your bull please notify us immediately. Under no circumstances will the seller be liable for more than the purchase price of the animal.

EXCEPTION GUARANTEE...

In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

CERTIFICATE OF REGISTRATION...

Each animal will carry papers issued by the Canadian Simmental Association or Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

IN-HERD SEMEN...

The South Sask consignors reserve the right to collect semen on any bull sold through this sale. The semen collection will be at the South Sask consignor's expense and the buyer's convenience. Any semen collected will be for South Sask consignors in herd use only.

LIABILITIES...

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

RIGHTS AND OBLIGATIONS...

The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

PHONE, MAIL, WIRE BIDS...

Bidders unable to attend the sale may phone, mail or wire their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

DELIVERY...

We will assist in arranging transportation wherever possible. Bulls will be delivered by April 30th unless prior arrangements have been made. Delivery will be at buyer's risk and seller's convenience. Each animal becomes the risk of the purchaser as soon as sold. \$100 rebate on bulls taken home sale day. Bull must be insured by buyer.

INSURANCE...

Will be available sale day. All bulls returning back to consignor's farms must be fully insured. We strongly recommend that insurance is purchased for full value.

ERRORS...

All announcements at sale time, written or oral, supercede any written material in the catalogue.

The \$210,000 record setting bull from the Wheatland Cattle Co. 2016 bull sale. It was said that it would be a challenge to find a more powerful bull that has body and rib shape and still be structurally correct. Kill Switch has the presence that commands your attention as a true great herd bull must. He is passing on his presence, eye appeal and structural correctness. As you can see by his sons selling, they are optimal in frame score, super hairy and packed full of red meat. The sons in this catalogue have been developed solely on oats and have proven to be great converters and very easy fleshing. Kill Switch is one of those rare bulls who is not only breeding top sons in our sale but his daughters are also the highlight of our replacement pen. Don't miss your only opportunity to purchase semen this year on this outstanding breeding bull, who can "flip the switch" on your program.

100 UNITS OF SEMEN SELLING.

Cattle Saskatchewan

Simmental & Angus Bull & Female Sale

Created by
Today's Publishing

From the desk at **T BAR...**

Welcome to the 2019 edition of the South Sask Simmental and Angus Bull and Female Sale, March 11th at Johnstone Auction Mart, Moose Jaw, Saskatchewan. The Curtis Family, Barry and the boys, along with Terry and Loretta Young, Flying TL Simmentals and Triangle 33 Simmentals, the Ritter & Young families present a top cut of Simmentals; while Laird Edwards, Edwards Angus offer the Black Angus component. This combination of two breeds is a one-stop shopping sale where you can select bulls with performance, high in maternal values and those with calving ease.

The lineup offers both yearlings and two-year-olds, black and red herd bull prospects. Rugged, deep sided, thick topped with plenty of hair and testicle, they are sired by the leading sires the industry has to offer. With four breeding operations involved there is a diversity in both genotype and phenotype. Bulls that will work in all types of programs and environments...for all types of budgets. New to this year's event is the addition of some top end open replacement heifers. South Sask will be well worth the trip and a day in town.

The livestock is healthy and very stable. Those who have purchased top quality sires in the past few years have been rewarded as both Simmental and Angus have and will continue to be market leaders in the pasture, the feedlot and the kill floor. Being current with your herd bull battery will keep your herd and program moving forward to your advantage.

If we at T Bar C may be of assistance, prior to or sale day, please contact any of the T Bar team and we will be pleased to offer our professional services.

Welcome to the 2019 South Sask Simmental and Angus Bull and Female Sale. We would like to start off by thanking everyone who attended the sale last year, also all the bidders and buyers, your support is greatly appreciated. We would also like to thank the crew from T Bar C, as well as the other consignors, for making this day possible. Last but not least on the thank you notes, we would like to thank our crew that has been there and helped us with the bull sale from day one. From helping clip, picture the bulls and the help on days before the sale, as well as sale day, we couldn't ask for a better Curtis crew. Thanks for all your help. This year we will be offering 32 yearling bulls and one two year old to suit all your needs from solid reds, red baldies, to solid blacks and baldy. We are very proud to offer you our biggest group of Kill Switch sons this year and what a consistent group of young herd sires they are. They come with moderate birth weights and get up and grow. The females Kill Switch is producing are absolutely beautiful from their flawless udder quality to sound structure, as well as that momma cow look to them. We also have two heifer bull candidates sired by the sleep easy, calving ease bull himself, Sheriff and boy did they come small, unassisted and explode with growth! Be sure to check them out. If you would like to stop by the farm to look at the bulls prior to sale day give us a call, someone is always around. We look forward to seeing everyone sale day.

Homo Polled. This dark cherry red, Kill Switch son is a stand out in the pen right from his dark red color to his overall mass. He's wide topped, big barrel of rib shape to him, huge quarter on him all in a complete package with sound feet and legs. We are very happy with our Kill Switch calves and how they develop from calves to bulls. They are all deep bodied, wide hipped with lots of growth, good haired, sound and big nutted. This is the first year Kill Switch has daughters milking and we couldn't be more happy with the udders the females have set down from teat size and placement to the capacity of milk they have. They truly are picture perfect udders. 53F's dam is a solid dark cherry red female that did an awesome job on this guy. She is a young cow and starting to prove her weight in the herd. She's a big, deep bodied, sound cow with a good udder under her.

HOMO POLLED. A really good, clean made, Kill Switch son here. He's deep bodied, wide topped, deep quartered, has good testicle development and really moves out quite well. His dam is an awesome producing female for us that has had sons in our top end of the bulls come sale day and she did it again. As well, we have retained females off her in the herd and they are flat out good ones. If you are looking for a bull with lots of style, a great look and will add pounds to his calves, this bulls what you're looking for sale day.

HOMO POLLED. A really good, solid red, Kill Switch son here. This calf has had that herd sire look from a young age. He's deep sided, wide topped, with a big hipped structure on him, great testicle development and really gets out and moves. His dam is a beautiful young female in our herd and boy did she do a job on this guy. She is solid red, moderate framed, long bodied, deep sided, wide based and has a picture perfect udder. Her Max son that sold through the ring last year had a lot of friends sale day and it won't be hard to pick this guy out in the pens March 11th.

HOMO POLLED. This young herd sire has been a true standout since day one. This big, strapping, dark cherry red individual is by far one of the stoutest bulls I think we have raised and he's got the money strip to boot. If you are looking for a bull to add some depth of body this bull has more than enough. I don't think I have seen a bull with this much capacity. 12F is wide topped, big square hip on him, good testicle development, deep flanked and very sound on his feet and legs. We retained a full sibling to this guy in the heifer pen and is now producing for us and did she ever set down a perfect udder. We can't say enough about these Kill Switch daughters and the udder quality they have under them as well as their broodiness while still keeping their femininity. This guy's dam has been an awesome producing cow for us. We have retained every female off this cow and they are all good producing, sound females with perfect udders. Be sure to check this guy out sale day. He really is a true sale feature.

HETERO POLLED. A real young, big bodied Kill Switch son. He's dark red in color, wide topped, long bodied, awesome testicle development and nicely quartered. His dam has been an awesome producer for us and has put many females back in the herd. If you are looking for a bull that will produce awesome females with beautiful udders, plus put longevity back in the herd, this guy is for you. His dam was a moderate framed, star faced cow that did her job year in and year out.

HOMO POLLED. A real stand out, Sheriff son here. 5F came small and damn did he grow. He was just 3 lbs. shy of 900 lbs. for his 205 day weight and only a 79 lb. birth weight. His dam is a moderate framed, solid red, young cow that did a tremendous job on her first crack of the whip. We are very pleased with our Wally females and the udders they have on them, they truly are pictured perfect udders. 5F is long bodied, smooth shouldered, clean through his lines, huge spring of rib to him, good testicle development and gets out and moves. He's got the herd sire look to him and is a candidate for the heifer pen.

TERRY & LORETTA YOUNG
 BOX 251, EARL GREY, SK S0G 1J0
 TERRY: 306-725-8280 P: 306-939-4803 E: TLYOUNG@SASKTEL.NET

We would like to thank Curtis Simmentals for the opportunity to participate in the South Sask Simmental Bull Sale. Our cow herd calves out on pasture in spring so our bull calves are being sold as two year olds. We did purchase some herd dispersal cows in December 2016 so we do have some bulls born in January/February 2017.

We are committed to raising two year old bulls, with the bulls being allowed to develop at a slower rate and you, the customer, get a more mature breeding bull. These bulls are stronger and are able to breed more cows and stay in great condition.

We develop these bulls on an oat based diet with free choice hay. We don't push these bulls, we let them grow and develop into strong two year old herd sires. Bulls are on a full herd health program and they are also vaccinated for foot rot.

Feel free to stop by anytime to look at the bulls.

We purchased Mr. Emory's dam as a bred heifer in the Twin Brae Simmental herd dispersal in December 2016. He is sired by the well known, outstanding, NCB Cobra 47Y bull who ranks high for calving ease. Mr. Emory ranks in the top 1% for Calving Ease in the Simmental breed. He is black with a white patch on his forehead. He would make an ideal heifer bull as his birth weight and EPDs indicate, without sacrificing his overall well built appearance. The picture shown does not do this bull justice.

Mr. Etter's dam is from Curtis Simmentals out of Sun Rise Wally. He had an 84 lb. birth weight and ranks in the top 3% for Calving Ease. He has great mass with a wide top and a great hair coat. Another potential calving ease bull.

Triangle 33 Simmentals

RITTER & YOUNG FAMILIES
 BOX 251, EARL GREY, SK S0G 1J0
 MATT: 306-550-8301 | MATTHEWRITTER@ICLOUD.COM
 AUSTIN: 306-731-7895 | AUSTIN.RITTER@HOTMAIL.COM

First off, Triangle 33 would like to thank the Curtis family for letting us be a part of this great sale, all the guidance and help they have given us to get ready for our first sale, is greatly appreciated.

Triangle 33 Simmentals is a new family based purebred Simmental operation near Earl Grey, Saskatchewan, which encompasses the Ritter and Young families. Our breeding females were sourced from Saskatchewan, Manitoba and Ontario. Along with well known AI sires, we purchased a truly special bull from Black Gold Simmentals of Lloydminster, Saskatchewan known as Black Gold Advance 8D. His offspring have been really impressive and we can't wait to see his 2019 calves perform. Our first calf crop hit the ground in January 2018 and we are pleased to offer one black and eight red bulls for your evaluation. We are also selling one black and three red open purebred heifers.

Bulls and heifers are both fed an oat based diet with free choice brome hay. We feel strongly to let these animals develop and not push them too hard. We work closely with our vets to maintain a full herd health protocol.

Bulls and heifers are available for viewing anytime.

Mr Frank's dam was a bred heifer that we purchased from Triple R Simmentals at the Pembina Triangle Sale in November 2017. She was bred to the calving ease specialist, Kuntz Sheriff 8A and what a tremendous job she did on her first calf. He is the total package - great hair coat, great numbers, great length, depth and hip. Mr. Frank pushed the scale, weighing in at 928 lbs. actual weaning weight. He has it all and we can't say enough about this bull calf. He will definitely be one to check out on sale day.

OPEN *Commercial* HEIFERS

Also on offer from the Ritter and Young families is approximately 25-30 home raised Simmental cross open heifers. There will be seven black/black blaze faced heifers and the rest are red/red blazes. All heifers have been pregnancy tested open and are ready for the breeding season. These heifers have been under a full herd health program. They will make a great addition to any cow herd.

Commercial open heifers must be picked up sale day or the following day, unless prior arrangements have been made.

Edwards Angus

Welcome to this year's South Sask Simmental and Angus Bull and Female Sale. This year I have 11 bulls that excel in calving ease, maternal traits and performance. They have all been fed a high oat and dry hay ration to promote growth and longevity. If you have any questions regarding my bulls don't hesitate to give me a call, I look forward to discussing them with you to help you make your decision making easier. Hope to see you sale day.

TERMS...

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

BIDDING...

Each animal will sell to the highest bidder...no by-bidding will be permitted. Disputes - Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

ANNOUNCEMENTS...

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

BREEDER'S GUARANTEE...

All bulls sold are guaranteed breeders by the owners. We guarantee to provide you with a sound breeding bull. Should any bull fail to be an unsatisfactory breeder, he will be replaced with a bull of equal value or a credit will be given toward the purchase of another bull. If you have a problem with your bull please notify us immediately. Under no circumstances will the seller be liable for more than the purchase price of the animal.

EXCEPTION GUARANTEE...

In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

CERTIFICATE OF REGISTRATION...

Each animal will carry papers issued by the Canadian Simmental Association or Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

IN-HERD SEMEN...

The South Sask consignors reserve the right to collect semen on any bull sold through this sale. The semen collection will be at the South Sask consignor's expense and the buyer's convenience. Any semen collected will be for South Sask consignors in herd use only.

LIABILITIES...

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

RIGHTS AND OBLIGATIONS...

The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

PHONE, MAIL, WIRE BIDS...

Bidders unable to attend the sale may phone, mail or wire their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

DELIVERY...

We will assist in arranging transportation wherever possible. Bulls will be delivered by April 30th unless prior arrangements have been made. Delivery will be at buyer's risk and seller's convenience. Each animal becomes the risk of the purchaser as soon as sold. \$100 rebate on bulls taken home sale day. Bull must be insured by buyer.

INSURANCE...

Will be available sale day. All bulls returning back to consignor's farms must be fully insured. We strongly recommend that insurance is purchased for full value.

ERRORS...

All announcements at sale time, written or oral, supercede any written material in the catalogue.

The \$210,000 record setting bull from the Wheatland Cattle Co. 2016 bull sale. It was said that it would be a challenge to find a more powerful bull that has body and rib shape and still be structurally correct. Kill Switch has the presence that commands your attention as a true great herd bull must. He is passing on his presence, eye appeal and structural correctness. As you can see by his sons selling, they are optimal in frame score, super hairy and packed full of red meat. The sons in this catalogue have been developed solely on oats and have proven to be great converters and very easy fleshing. Kill Switch is one of those rare bulls who is not only breeding top sons in our sale but his daughters are also the highlight of our replacement pen. Don't miss your only opportunity to purchase semen this year on this outstanding breeding bull, who can "flip the switch" on your program.

100 UNITS OF SEMEN SELLING.

HIGHEST BIDDER HAS CHOICE OF MINIMUM 10 UNITS OR MULTIPLES OF 10, UP TO 100 UNITS.
NO MORE SEMEN WILL SELL IN 2019.
