The order of sale will be determined by sale staff and posted by 11:00 AM sale day.

The sale order is NOT catalogue order!

Terms & Conditions

- All purchases must be paid for the day of the auction and no horses will be released until full settlement has been made. Payment terms are Cash, Debit, Visa, MasterCard, or Cheque with proper identification and a letter of reference from your bank. If paying by Credit Card (MC or Visa) there will be a 3% administration fee added to the total price. If paying by Debit Card make sure your purchase limit is high enough per day to cover your purchases. GST will apply to all horses.
- All announcements from the auction block take precedence over information in this catalogue—please give them your careful attention! The auctioneer will settle any bidding disputes such as two people claim the same bid, etc., and his decision will be final.
- Unless otherwise noted, registered horses sell with the registration papers and signed transfer—the cost of transferring registration papers is up to the buyer. Buyer's paying by cheque will have the papers mailed after 2 weeks when their cheque has cleared the bank.
- Johnstone Auction Mart Ltd. is acting as an agent only and represents the horses as represented to us by the seller, and is not responsible for errors or omissions in the catalogue. Any claims, legal or otherwise, between buyer and seller with regards to the horse's ability, training, or suitability for any use, are between buyer and seller only; and Johnstone Auction Mart Ltd. is not liable for any misrepresentation.
Further: The buyer is responsible to examine the horses and satisfy him/herself as to its abilities and training or anything else before he/she bids—if you buy without checking the horse out, then you still own the horse—bidding on a horse indicates you have satisfied yourself as to all aspects of the horse and no one else is responsible. Unless announced otherwise, mares sold as 'in foal' or 'exposed' to a stallion have not been confirmed by pregnancy check.
- Horses in the sale are covered by Hartford Insurance at Valuable Rates until they are loaded out (max \$5000)—buyer is responsible after that.
- Riding horses will be sold with a soundness guarantee unless the seller represents the horse as not 100% sound or having some varying condition of soundness at sale time. Buyers claiming non-soundness must have a vet certificate stating the non-soundness by Tuesday, May 22, 2018 at 5:00 PM - there will be no further soundness guarantee beyond that time. In the case of a substantiated non-soundness claim, the buyer must return the horse to Johnstone Auction Mart and the seller must pick up the horse. The buyer will receive a full refund and the seller will not be paid for the horse.
- Title of horses & risk of loss passes to the buyer when the animal is declared 'sold' by the auctioneer. Only horses consigned to the auction are allowed on the auction premises—any horses sold before the sale, through the ring, or after the sale are subject to full commission charges.
- All persons attending the auction do so at their own risk. Any livestock can be unpredictable and in some cases dangerous. Neither Johnstone Auction Mart Ltd., nor auction staff, nor any sellers assume any liability, legal or otherwise, for any accidents that may occur. Attend at your own risk.
