

6TH ANNUAL

Harvest CLASSIC

MONDAY, NOVEMBER 12, 2018 *Sale*

JOHNSTONE AUCTION MARKET • MOOSE JAW, SK

1:00 PM

from the desk at T Bar...

On behalf of a great group of Angus breeders and T Bar C, this is your special invitation to be a part of the 6th Annual Harvest Classic Sale on Monday, November 12 at Johnstone's in Moose Jaw, Saskatchewan. Thirteen prominent producers come together each fall to share the best of their breeding program. For most, this is their female production sale, as each herd does not have enough numbers to sustain a stand-alone event.

In 2018, our sale chairman, Glen Gabel is offering a few more entries than normal, as he slowly mends from his illness. But throughout the year, Glen has been "gung-ho" about the sale, the great Angus breed and his dedication to the livestock industry.

This sale offers windows of opportunity for the Angus breed and the beef industry. As you are aware, these producers have supplied the livestock industry with high quality sires which have added value to commercial and purebred herds. Many of the females selling are sisters to their male counterparts out of predictable cow families.

This 6th Annual sale offers a powerful group of bred females...maternally strong, rich in genetic heritage and plum full of calf by exciting sires. What makes this event unique is the diversity of genotype and phenotype, which opens the door to operations large or small to take advantage. The 2018 models are fancy, with new fresh genetics, ideal for juniors of any age and don't overlook the select pairs.

Never has the time been better to send the old and non-producers to town and upgrade your program with brand new genetic packages. Don't hesitate to contact any of the breeders, if you have questions about their offering; they are always ready to visit.

If we, at T Bar C, may be of any assistance prior to or sale day, feel free to contact any of the T Bar team for professional and confidential assistance.

Our Harvest entries are the only bred heifers we will be selling this fall. This heifer is right off the top. Her performance validates this as she has an adjusted 205 day weight of 703 lbs. indexing 109 and ranked first out a group of 22. She is a sweet fronted, moderate heifer. Her dam is probably our best producing cow from a set of five sisters purchased in a flush from BJ Scheirlink's Rosebud 3050 cow. Her service is to KG Solution 1249. This mid-March heifer is one that I purchased from Valley Lodge Cattle Co. The only reason we are offering her for sale is a bit of a reduction in numbers. I believe she will continue to develop into a very sound, productive cow and her EPDs certainly support that. She is a female we really like for her length of body, neck extension and her overall completeness. As time progresses, this female is only going to get better and better!

Songbird 9F has been an eye catcher from a very young age. Her young dam has produced three heifers who have all been replacement quality. The first was sold to be a foundation cow for a purebred herd, her second was kept for in herd use and this is her third. The sire of this heifer has really impressed in his first calf crop. Good feet with lots of heel depth, tidy udders, frame and performance are a hallmark of this cow family.

Bishop 16F, as I call her, is a tremendous individual. Feminine, sharp fronted, square topped, big barreled, excellent feet and leg structure and backed by the prolific Annie cow. By the AI sire, Mohnen South Dakota and a tremendous young cow that had her first heifer calf go through this sale to a young 4-H'er. Bishop is a beautiful heifer and has the temperament to make a super junior project. Bishop has to be seen since her photo won't do her justice.

We bought her mom as a replacement heifer out of the Touch of Class Sale from Ward's Angus. She is a big, smooth bodied cow that always catches everyone's eye and I have no doubt that she will put that into her calves.
