RED & BLACK GELBVIEH BULLS

1:30 PM
JOHNSTONE AUCTION MART, MOOSE JAW, SK
MARCH 13, 2019

LONG YEARLINGS & YEARLINGS

Welcome...

Welcome to our 4th Annual Bull Sale. We are very excited about the group of bulls we have in our bull sale this year. Our offering is very versatile including a mixture of 12 yearling bulls and 17 long yearling bulls, including reds, blacks, purebreds, percentage, calving ease and power cow bulls. Using embryo transplant, AI and walking herd sires, there are 13 different herd sires within the bull sale offering, providing genetic options to our very much appreciated historical bull sale customers and welcomed new customers.

The transition to long yearling bulls has been very exciting for us and we feel it is the way of the future in the cattle business. Our long yearling bulls are not pushed, but given time to develop slowly. They are born in the pasture on the grass and from the minute they open their eyes they have learned to be low maintenance, hard-working, easy doing and no fuss bulls. Given this extended time for them to develop from birth to bull sale time allows us extra ability to remove any potential problems, so that you can bid with confidence that these bulls are ready to go out and work, with the added ability to cover extra miles and breed larger groups of cows.

We are pleased once again to have Darwin Rosso as our sales consultant, along with Scott, Cory and the team at Johnstone Auction working with us.

If you have any questions, want to stop in at the ranch for a tour of the bulls or you would like to purchase sight unseen, contact Wayne, Del or Clint.

Thank you for all your past and future support.

Wayne and Del

• His dam FLAD 80C is sired RWG Fire and Ice, we don't have many daughters but they are very functional.

2013

FLAD Fladeland Winter 202W with Calf at Side FLAD DJW Fladeland Roc'M Soc'M 202A. Maternal sibling to FLAD Gunpowder 40Y

- This is our first bull sale to offer a RWG Copy Right son and he did not disappoint.
- FLAD 48F is big hiped, deep ribbed with added length of body.
- His maternal strength may be his best virtue, with the popular Opal donor cow on the top side, to his dam FLAD 60A ET, who has really rung the bell for us once again.
- His dam FLAD 60A ET is a full flush sibling to sale lot FLAD 89E ET.
