By A.I. sire Coleman Bravo, out of a beautiful outcross 2yr old dam with a perfect udder, large rib shape & excellent feet. Lots of power, larger frame with great hair & good foot structure. He'll easily breed bigger cows. Sire verified and Angus GS DNA

From a favourite cow imported from North Dakota. I lost her & he had to make it on his own from 4 months on. His sire was imported from South Dakota & was a high seller next to his ET brother. Long spined, large scrotal, great hair and feet with capacity matching the bold rib his mother displayed. A heifer bull & will work on cows. Parent verified and Angus GS DNA

He was shown at Lloydminster & was Reserve Junior bull calf champion. Smaller framed with superb hair and muscle, very showy. His dam is easy doing, thick , has classic foot structure & correct udder attachment. His sire SAC Conversation makes the kind of daughters that you want in your front pasture. By Basin Payweight whose progeny have been topping sales across Canada & US. His dam is beautiful, big ribbed, great hair, feet & udder. Back to an elite pathfinder cow 85X. He looks like his sire—maybe longer & lots of middle. This herd sire will produce the kind of heifers you want to keep & steers that will pound down the scales. A heifer bull prospect but powerful enough for cows. Parent Verified and Angus GS DNA
