

2020

South Sask

Simmental & Angus Bull & Female Sale

Monday, March 16, 2020 - 1:00 PM

Johnstone Auction Mart - Moose Jaw, SK

FEATURING:
Curtis Simmentals • Flying TL Simmentals
Triangle 33 Simmentals • Edwards Angus

From the desk at **T BAR...**

Welcome to a new decade and the 2020 edition of the South Sask Simmental and Angus Bull Sale, on March 16th, at Johnstone Auction Mart, Moose Jaw, Saskatchewan. This wonderful group of Simmentals are hosted by Curtis Simmentals, the Curtis Family, along with Terry and Loretta Young, Flying TL Simmentals and the Ritter and Young Families, Triangle 33 Simmentals. The Angus component is Laird Edwards, Edwards Angus, who brings a good set of highly maternal bulls with calving ease.

This combination of breeders have been very successful in quality and customer service. Over the past several years, this sale has shown us that the South Sask Sale has become a breeder's shopping center for high quality bulls. When you combine Simmental and Angus, the two most dominant breeds in the livestock industry, this sale becomes an ideal stop to get your Simmental performance bulls and your maternal Angus bulls all in one trip.

The lineup will show you a very strong set of bulls, yearling and two-year-olds. They are rugged, with lots of hair, testicle and performance. The South Sask Sale is one where quality and good value come together. Whether you are looking for a power bull to use on your cows or a calving ease sire, the offering is diverse enough to make the trip...it will be worth it!

If we may be of assistance, prior to or sale day, feel free to contact any of the T Bar team or myself, we will help you in a professional manner.

We would like to welcome everyone to the 2020 South Sask Simmental and Angus Bull and Female Sale. We would like to start off by thanking everyone who attended the sale last year, also all the bidders and buyers, your support is greatly appreciated to all new buyers as well as repeat customers. We would like to thank the crew from T Bar C, Bohrsen Marketing, DLMS and the other consignors in the sale for making this day possible. We would also like to thank our crew that has been there and helped us with the bull sale from the very start. From helping clip, picturing the bulls and helping days before the sale, as well as helping sale day. We couldn't ask for a better Curtis crew. Last but not least and most important, our AI tech, Ron Ermel, thank you for your dedication to our program and helping us to expand our genetics with huge success and high conception rate.

This year we will be offering a strong set of 28 bulls to fulfill all your needs from solid reds, red baldies as well as blacks, full of mass, meat, soundness and backed by hard working functional females right from the top of our herd. The bulls were raised on momma's milk and our best grass close to home with no creep all summer until the end of October, before weaning them November 1st. Once the bulls had been weaned, they were put on a brown oat ration, as well as a blueprint 13% bull pellet with our best quality of hay and have been on that ration for the winter months. The bulls are sired from breed leading bulls like Kill Switch, Captain Morgan, Max, Brisk and Red Force. We have a bigger group of black bulls this year that will be sure to catch your eye. We haven't bred black for a few years and decided to get some new genetics in the herd to retain females and build herd sires and are we ever happy that we did, as we have a big number of females in the heifer pen from Captain Morgan that are flat out good and going to be big broody cows. Again, we have a good solid group of Kill Switch sons, as he continues to stamp his calves time and time again. He is most definitely one of those bulls that breeds true and strong on both sexes. We can not say enough about his females for their over all style, soundness, big middled, beautiful picture-perfect udders, all while still maintaining a feminine structure.

If you would like to stop by the farm and view the bulls prior to the sale, feel free to give us a call or stop by the farm and we can answer all your questions, someone is always around. We look forward to seeing everyone sale day.

POLLED TEST PENDING. A real outstanding, red baldy, Captain Morgan son. He came red out of two black parents but that didn't hurt him. 41G has a tremendous hair coat, he's long bodied, super big middled, awesome quartered, big nutted, very sound in his movement and has the money strip to go with it. We are very happy with the Captain Morgan calves we have and are looking forward to seeing the daughters in the replacement pen milking. His dam is really proving herself to be a number one female in the herd at a very young age, raising quality bulls and females, as we have a Kill Switch daughter retained in the herd and does she look the part and has a beautiful udder. His dam is a big, broody, long made, black blaze faced cow with an awesome udder. If you are looking for an overall, very eye appealing bull backed by a great cow family, 41G is the bull for you.

POLLED TEST PENDING. A real clean made, eye catching, dark cherry red Kill Switch son. He's huge nutted, big spring of rib to him, sound, wide hiped and nicely quartered. Sale day be sure to have a look at this bull, as he will catch your eye first thing when you walk into the pen. His dam is an awesome producing cow for us. She is moderate framed, broody and milks her heart out with a beautiful udder under her. You will want to keep every heifer calf off this guy if they turn out to be like his dam or his full sister that just had her first calf this year. She is a moderate, dark red blaze faced, big middled, eye appealing first calver with an awesome udder. We can't say enough about the Kill Switch females and the udder quality they posses.

POLLED TEST PENDING. A real moderate framed, stylish Kill Switch son. He's very eye appealing and will be sure to catch your eye sale day. He came small and grew with an 84 lb. birth weight. He's big quartered, wide topped, big middled, very sound and has good testicle development. This guy's dam is a solid black, young producing cow that did a heck of a job for her second crack of the whip. She is moderate made, long, wide based and awesome uddered. She will make an impact on the herd if she keeps raising them like this guy. If you are looking for an overall good, new herd sire that checks all the boxes, be sure to check out this one from low birth weight to his performance and overall mass.

POLLED TEST PENDING. A real outstanding, solid black bull here. He's extremely deep sided, great topped, easy fleshing, good haired, very sound, full of meat and has an awesome square hip, all in a complete moderate frame. His dam is a moderate framed, big bodied cow herself, with a good udder under her. If you are looking for an awesome, moderate framed, soggy bull that has some style to him, 47G is the bull for you.

BOX 251, EARL GREY, SK S0G 1J0
TERRY: 306-725-8280 P: 306-939-4803 E: TLYOUNG@SASKTEL.NET

We would like to take this opportunity to thank all the bidders and buyers that attended last year's sale and welcome everyone to the 2020 South Saskatchewan Bull Sale. We continue to strive to make improvements to our cattle operation and breeding program and are pleased to say that we received the Verified Beef Production Plus Certification this past year. 2019 was a learning curve for us as we found out what is all involved with preparing for a bull sale. Needless to say this year, for the well being of our marriage, we hired Erin Yewsiuk to photograph our bulls. Picture taking day is less stressful when you have a professional photographer involved. We are committed to raising two year old bulls with no yearling bulls ever sold off the farm. We feel we have a more consistent offering of two year old bulls, with a good mix of calving ease and performance. These extra age bulls offer the advantage of being developed at a slower rate and the ability to service more cows without losing condition. Our bulls are on an oat based diet with free choice hay. They are on a full herd health program and are also vaccinated for foot rot. We welcome the opportunity to show you our bulls.

Young Mr. Fleming is another calving ease bull that we have for your consideration with a double digit calving ease of 16.5 and a negative birth weight EPD. This was his dam's first offspring and she did a remarkable job at raising this bull calf. The dam's sire is MFR Dreamboat, so there is calving ease on the dam's side and Young Mr. Fleming's sire is Advance, who is a go to calving ease bull. A very wide topped, well balanced, moderate bull.

97 lbs.	850 lbs.	- lbs.	9.8	1.2	71.4	106.4	25.6	7.6	61.3

Young Mr. Finton's sire is MFR Dreamboat 3B, who we co-own with McCormack Family Ranch of Grenfell. This bull has maintained the highest daily gain of all our bulls. Mr. Finton's dam, 452C, produced her first calf in 2017, which was a heifer that we retained in our own herd. In 2019, 452C produced twin heifer calves that weighed an average of 606 lbs. each at 199 days of age when weaned. She came in looking terrific and never missed a beat, even with twins nursing on her all summer. If you want a bull that has great length, thickness and pedigreed on both sides, with solid EPD numbers as well, this is the one to check out.

93 lbs.	730 lbs.	- lbs.	7.9	1.9	57.5	89.3	30.3	5.9	59.1

This bull's nickname is "Bubble Butt" as he has such a thick muscled hind end. His dam is a very moderate cow but she can sure produce the good ones. Mr. Fitz has the highest milk EPD of all the two-year-old bulls on offer. Dwayne, Bonnie and Brandon Brown of Strasbourg have a half sibling of this bull working in their cattle herd.

This is the only black bull that we have on offer. This bull's dam is a standout producer for us. We retained her first heifer calf in our herd and that female is now also one of our top producing cows. Needless to say, if you want a bull with good length that will produce good offspring, this is the one for you.

There is only one word to describe this bull and it is "ROCKSTAR." We were very fortunate the day we purchased this bull from Black Gold Simmentals. He has exceptional calving ease with his calves displaying great muscle and rib shape. He is our go to heifer bull. We can't wait to get his daughters into production, if they perform like his sons, they should be outstanding. They should possess great udders as Advance's dam has an outstanding udder. Buy his sons with confidence as Crossroad Farms bought a son last year and the feedback from Jody was that they were extremely happy with the bull they purchased.

Denali is a bull we acquired from Double G Simmentals. He was their sale feature and lead off bull in their 2017 bull sale. He has exceptional EPDs across the board and outstanding pedigrees on both his sire and dam's side. He ranks in the top 5% for calving ease, birth weight, weaning and yearling weights. He has great depth of rib, but his biggest asset is his length, as the saying goes, "as long as a freight train," definitely applies to this guy.

In the Simmental industry BGS/BM Captain Scream 63D needs no introduction, with his semen fetching upwards of \$500 a straw. Here is the full ET brother that has several of the same traits with a baldy face to boot. Scream 47D is a very stout, docile, easy doing bull that has the tendency to paint some white on his calves faces. Don't miss the opportunity to acquire these great genetics to improve your herd.

All of us at Triangle 33 Simmentals would like to thank all those who attended last year's sale, be it as observers, bidders or buyers. It was certainly an educational experience preparing for our first bull sale but we did learn a few things that we implemented to streamline the process for 2020. We would like to thank Ellen Keys of 4K Angus for doing such a great job of clipping our bulls and a big thank you to Erin Yewsiuk for her photography and video services. We are very happy with the second calf crop of bulls that our breeding program produced. We have both AI and walking sire offerings which include nine red and four black yearling bulls. The bulls are fed an oat based diet with free choice brome/alfalfa hay. We would be very pleased to show you our well mannered bulls at your convenience.

64 lbs.	745 lbs.	1215 lbs.	20.5	-3.6	65.6	91.9	25.4	11.8	58.2

HOMO POLLED. Mr. Governor has the highest calving ease of all our bulls and with a low birth weight of 64 lbs. he would definitely be classed as a "sleep ease" bull. Mr. Governor ranks in the top 1% for calving ease, birth weight and maternal calving ease. Even with the low birth weight he still ended up with a high yearling weight, so if you have some British based heifers that need more performance bred into them for more pounds on calves in fall, this may be the bull for you.

EDW 54G and 26G are a pair of flush brothers that are going to be easy to find sale day. These deep bodied, heavy muscled, stout made bulls have been standouts through all stages of development. They offer the perfect balance of eye appeal, fleshing ability and power all while having that stunning herd bull presence. Their donor dam, MAR Final Kahuna 856W, is an absolute breath-taking individual that is among the very best to ever graze our pastures. She is a definite improver of body depth, docility, udder and foot quality. Owning a maternal brother to MAR Innovation could be one of the soundest investments you can make.

Terms and Conditions

TERMS...

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance, unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

BIDDING...

Each animal will sell to the highest bidder...no by-bidding will be permitted. Disputes - Bidding will be reopened between the parties involved in dispute. If no further bidding is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision on all disputes will be final.

ANNOUNCEMENTS...

All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay close attention to such disclosures.

BREEDER'S GUARANTEE...

All bulls sold are guaranteed breeders by the owners. We guarantee to provide you with a sound breeding bull. Should any bull fail to be an unsatisfactory breeder, he will be replaced with a bull of equal value or a credit will be given toward the purchase of another bull. If you have a problem with your bull please notify us immediately. Under no circumstances will the seller be liable for more than the purchase price of the animal.

EXCEPTION GUARANTEE...

In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

CERTIFICATE OF REGISTRATION...

Each animal will carry papers issued by the Canadian Simmental Association or Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

IN-HERD SEMEN...

The South Sask consignors reserve the right to collect semen on any bull sold through this sale. The semen collection will be at the South Sask consignor's expense and the buyer's convenience. Any semen collected will be for South Sask consignors in herd use only.

LIABILITIES...

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

RIGHTS AND OBLIGATIONS...

The above terms and conditions of the sale shall constitute a contract between the buyer and seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

PHONE, MAIL, WIRE BIDS...

Bidders unable to attend the sale may phone, mail or wire their bids and instructions to the sale managers, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

DELIVERY...

We will assist in arranging transportation wherever possible. Bulls will be delivered by April 30th unless prior arrangements have been made. Delivery will be at buyer's risk and seller's convenience. Each animal becomes the risk of the purchaser as soon as sold. \$100 rebate on bulls taken home sale day. Bull must be insured by buyer.

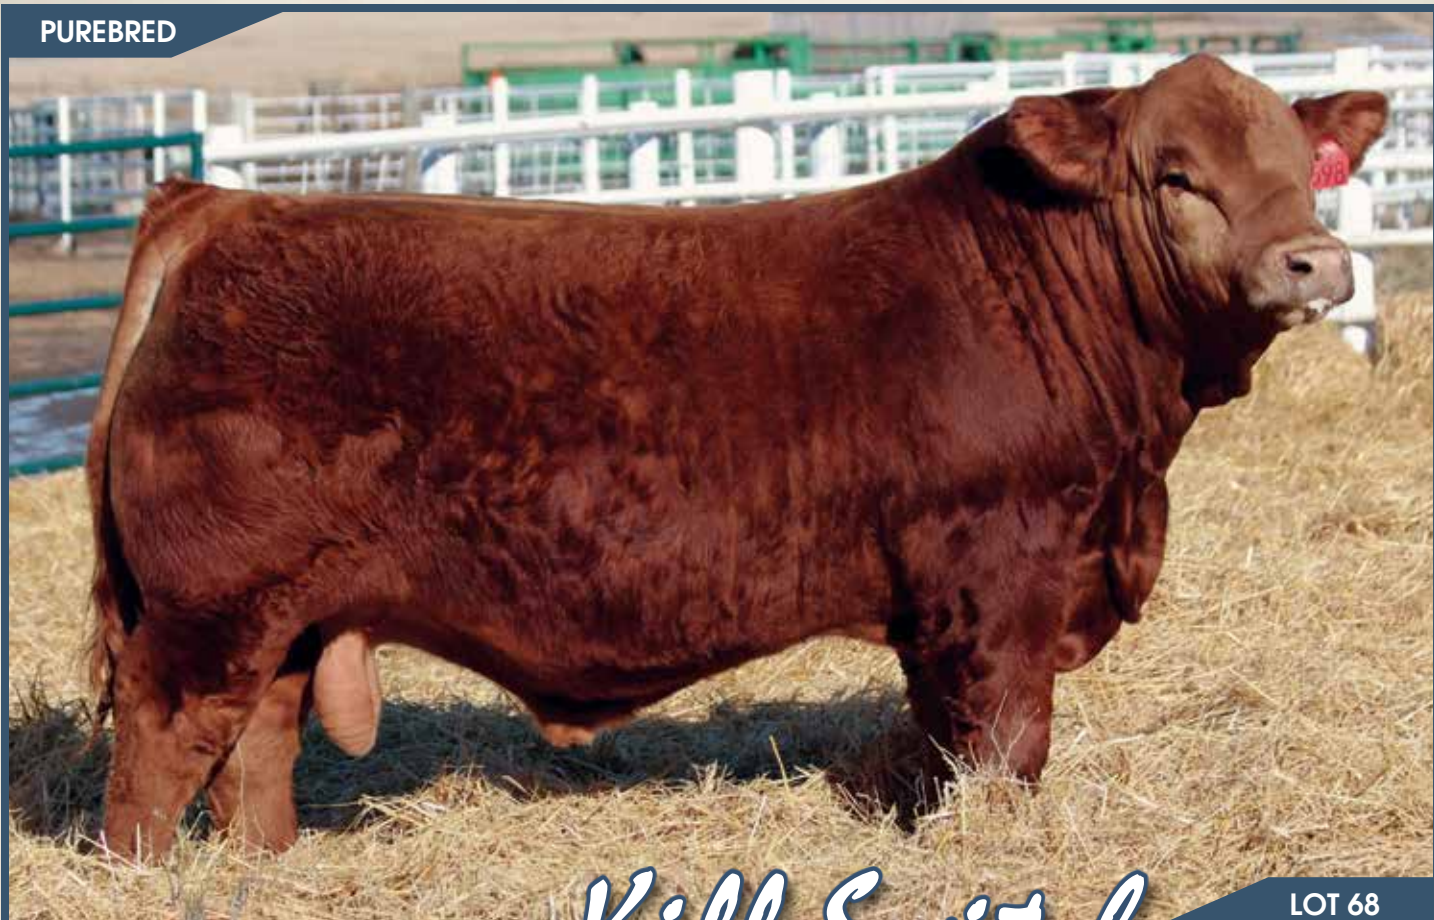

INSURANCE...

Will be available sale day. All bulls returning back to consignor's farms must be fully insured. We strongly recommend that insurance is purchased for full value.

ERRORS...

All announcements at sale time, written or oral, supercede any written material in the catalogue.

The \$210,000 record setting bull from the Wheatland Cattle Co. 2016 Bull Sale. It was said that it would be a challenge to find a more powerful bull that has body and rib shape and still be structurally correct. Kill Switch has the presence that commands your attention as a true great herd bull must. He is passing on his presence, eye appeal and structural correctness. As you can see by his sons selling, they are optimal in frame score, super hairy and packed full of red meat. Kill Switch is one of those rare bulls who is not only breeding top sons in our sale but his daughters are also the highlight of our replacement pen. Don't miss your opportunity to purchase semen this year on this outstanding breeding bull, who can "flip the switch" on your program.

Kill Switch is now deceased, so limited semen available.

50 UNITS OF SEMEN SELLING.

HIGHEST BIDDER HAS CHOICE OF MINIMUM 10 UNITS OR MULTIPLES OF 10, UP TO 50 UNITS.
