

TRANSCON'S 47th Annual
SIMMSATIONAL
SIMMENTAL SALE

FULLBLOOD, RED & BLACK SIMMENTAL FEMALES

THURSDAY, DECEMBER 12, 2024

**1 PM CST - JOHNSTONE AUCTION MART,
MOOSE JAW, SASKATCHEWAN**

Welcome to the 47th Simmsational Sale

Welcome to the 47th annual Simmsational Simmental sale. As times change in this crazy world, we live in right now one thing that never seems to change is the commitment from the breeders and the quality of Simmental cattle here in Moose Jaw.

Congratulations to the long time breeding establishments who have been a part of this great sale for many years. We welcome the new up-and-coming young Simmental programs that are consigning to Simmsational for the first time. They have opened up their herds and are bringing their very best. On offer here in Moose Jaw at the 47th annual Simmsational sale you will find a great mix of livestock breeders and an exceptional set of cattle on offer.

The powerful set of bred heifers is second to none. Females that are a great representation of the Simmental breed. Females that could very well be herd builders and foundation Genetics in the industry not only now but years to come. The fancy select group of open heifers is equally as powerful and will definitely have their place in the industry as they mature into momma cows. So, whether it's a bred heifer or a fancy open heifer, you are searching for Simmsational 2024 has it. The quality runs high and is second to none. These cattle are right for the times and right for the industry.

On behalf of the team at Transcon and the group of consigners we invite you to Moose Jaw on Thursday, December 12 and part of this long, running sale in Saskatchewan. In the event, you were unable to attend but would like to purchase cattle give one of us a call on the Transcon team and we will go over the cattle with you and answer any questions you may have. You can purchase through our highly trusted confidential and non-biased order buying service

Welcome to Simmsational 2024 at Johnstone Auction Mart, Moose Jaw, SK on Thursday, December 12th, the 47th edition of this great and long running event. The livestock industry is on fire right now, both purebred and commercial industries. It's great to see the optimism back in the commercial sector once again as we're seeing record high prices in 2024 for cull cows, cull bulls and record setting calf prices. One of our good bull customers just sold their entire steer calf crop in mid-October and averaged over \$2700 per head in their pocket, selling every calf biggest to smallest. That's great to hear. Cow prices hit all time records this summer as cull cows were bringing over \$2.20 a pound and hearing stories of cull bulls bringing between \$5,000-\$6,000. I truly believe these prices are going to remain strong with the declining number of cattle in both Canada and USA.

We are offering 10 bred heifers in this year's sale. We have dug extremely deep in our selection of our bred heifers as we picked out of 90 heifers. This might be the strongest and most consistent group we have ever offered. The offering is led by five excellent Fleckvieh Fullblood heifers of which three are polled. These dark red and goggle eyed girls are led by two outstanding polled Adonis 96Z (Stuey) daughters. The two cherry blood red Mountain View heifers are right at the top end of our red breds and the three black and black baldy heifers are the best we've ever offered. They're worth the trip to see. They're all bred in April and all have had their first shot of Scour Guard. We did something a little different this spring as we cedered our replacement heifers and bred on two different dates, we continued to A.I. till end of April then turned out heifer bulls on May 2nd for 30 days, headed by the homozygous polled, \$70,000 fullblood bull Kuntz North Star 15L. The reds were exposed to OBB Loyalty, a LFE Loyalty son we purchased from the Oberle's, and we exposed our black heifers to a great purebred Angus bull with calving ease numbers from the great Brooking Angus program. They were all pregnancy tested early, and the 10 sale heifers are all confirmed bred to their AI dates.

Come join us at Johnstone Auction Mart on Thursday, December 12th for the 47th edition of Simmsational. We would also like to welcome again some new consignors to the sale, good young progressive breeders with some really good cattle.

From all of us at LaBatte Simmentals, we wish you a very Merry Christmas and Happy New Year, filled with good health, prosperity and happiness and good Simmentals.

Barry

Lot 1

Polled Fleck Fullblood.

These two Southseven Mr Adonis 96Z polled Fleck heifers are truly Sale Features! The Adonis 96Z (Stuey) bull is possibly the best Fullblood Fleckvieh bull to ever walk on Canadian soil in my estimation. He's raised top bulls and super females with great udders, capacity and longevity. This 93L heifer is a tank! So deep and broody, been a standout since birth, one of our all-time favourite heifers. Her mother raised a really good polled bull in our 2023 Bull Sale selling for \$21,000 to Antrim Simmentals in Manitoba. She knows how to produce the good ones! As a bonus 93L is bred early to the \$70,000 homozygous polled Kuntz North Star 15L bull, ourselves and Bohrsen Marketing purchased out of the Kuntz Bull Sale this spring. We felt this is the fullblood calving ease bull the industry has been looking for. He's dark, dark red, very smooth made with hair and style. Really looking forward to these calves. There's a ton of future in this Ms Adonis 93L female, her first calf could pay for herself.

Bred April 7th to Kuntz North Star 15L (CSA #1457977)
 Exposed to Kuntz North Star 15L May 2nd - June 1st.
 Safe to A.I.

Polled Fleck Fullblood. Another Sale Feature! A great polled Adonis 96Z heifer out of a young polled Guerrero daughter going back to Crossroad Radium. This heifer like Lot 1 is also deep, soggy and attractive. Again, another that's been one of our favourites since a young calf. This heifer has loads of potential and again bred early to the homozygous polled calving ease bull Kuntz North Star 15L. She's the front pasture type!

Fleck Fullblood. A cherry blood red, goggle eyed Elevation daughter that's definitely the right kind. She's deep, broody, and has style to burn. These Elevation daughters make great momma cows, are good uddered, easy keeping and know how to raise the good ones. She has a maternal polled brother in the bull pen that will be noticed at our 45th Annual Bull Sale next spring. With her mating to North Star her polled calf will be exciting whether a bull or heifer.

Fleck Fullblood. If you're looking for a heifer that's going to make a cow – here she is. This moderate framed, soggy, easy fleshing heifer, has mother cow written all over her. She's deep, angular, big goggles and super quiet and setting up a really nice udder. These Battle Cry females are really working and he himself remains very popular. Bred to KSL Honky Tonk, who we had calves off this spring, and they look good, all are polled as he's homozygous polled and all born unassisted.

IPU 66J Ms Mountain View 181L

Red Homo Polled Purebred. In our red sector this year we have two outstanding Mountain View daughters. We're really happy with the progression of the Mountain View progeny. We've never used a red bull that stamps the dark red colour like him and the quality is there too. His bull calves were some of the highlight bulls in this spring Bulls Sales and now we've seen the quality of the bred heifers this fall. The mother of this heifer is a top three year old going back to the Red Liner 151D cow family. There is a lot of opportunity in this heifer, a brood cow in the making, setting up a great udder and bred to the one and only WLB Top Tier.

Red Homo Polled Purebred. Another highlight Mountain View heifer, this time out of the Desi 9154W cow family. You can't make them much darker than 77L. Again broody, deep, nice uddered and very nice through that front end. We have a full sister by pedigree at home that is just exactly like 77L. These Mountain View heifers are going to get more popular as time goes on, as they are brood cows and again bred early to WLB Top Tier.

Black Baldy Polled Purebred. All three of these black heifers are feature heifers. Maybe the best group we've ever offered. This RWR Chisel 41J daughter is as thick, deep and soggy as you can make one and as a bonus a baldy. Setting up a beautiful udder and her IPU Bentley 81F mother is a top cow too at our place. Her sire is a black baldy bull we purchased at the Tyler's that was our pick of the black bulls in their sale. He's a bull we should be using a lot more of, 15L is bred early to the CMS Sochi bull that R Plus Simmentals used so successfully in these programs as a calving ease bull but still a producer. He sired the high selling bull (Estevan) in their famous dispersal sale. Sochi is an exclusive sire that you'll only find heifers bred to at LaBette Simmentals and Circle 7 Simmentals. You'll drive a lot of miles to find a black baldy heifer better than this one. Homo tests pending and will be available soon.

Homo Polled - Homo Black Purebred. This is for sure a front page female like her mothers name. 23G has had two top heifers in a row now going to the Simmsational sale and to top that off had triplets this year, three bull calves. 24L is sired by the \$50,000 IPU Black Cinch 95G bull that KT Ranches bought in our 2020 bull sale. Ms Black Cinch is personally one of my favorites - so thick, deep and broody, setting up a beautiful udder as well. She's the kind that will produce herd sires and look after herself as well.

Polled Black Purebred. Another feature IPU Black Cinch daughter this time with a white blaze face. This was to be our feature heifer this spring at our Bull & Female Sale in Moose Jaw but a small issue led to not taking her to the sale. She's been a rock star from day 1, always a favourite by visitors right from a calf. She indexed 3/28 last year at weaning time and has continued to impress. She has lots of size, performance and capacity, the type that will be a bull producer as well as outstanding female.

Lot 8

Bred to April 10th to CMS Sochi 307A (CSA #793067)
Exposed to Brooking Best Answer 3103. Safe to A.I.

This year we're excited to be consigning 8 polled, 100% Fleckvieh fullblood bred heifers. With 4 of them being homozygous polled. Again this year we bred all our heifers to Clearwater HP Knox 61K, our homozygous polled Anchor D Viper/WJS Erika son. Knox calved easy for us and put 5 heifers in our open heifer pen that all look promising.

If you have any questions about any of our cattle, don't hesitate to contact us!

100% Fleckvieh. Polled.

Lydia's dam, Keet's Yesenia 40Y, was one of our most consistent producers. Her flush to JNR Cashmere has left us with 3 full sisters to Lydia in our herd. 2 have bull calves in our sale bull pen and the 3rd is a bred heifer due in January. We also sold 1 sister in the Fleckvieh Equation Sale a few years ago. All five of the daughters from this flush have reminded me so much of their dam, long bodied with a ton of volume with great disposition.

Exposed to Clearwater HP Knox 61K March 20th to May 27th.

Observed bred March 31st.

Ultrasound safe to observed breeding date.

100% Fleckvieh. Homozygous Polled.

Kiera was born at 72 lbs (low birth weight is a common trait for that cow family) and grew all the way up to 1000 lbs for her yearling weight. She's a homozygous polled Double Bar D Pol Manchester daughter that carries a little more frame than some of the other Manchesters we've raised. Low birth weight, rapid growth while being homozygous polled leads to Kiera being a pretty sweet heifer.

Exposed to Clearwater HP Knox 61K March 20th to May 27th.

Observed bred April 10th.

Ultrasound safe to observed breeding date.

Lot 12

Lot 13

Fairview Evolution 318H - Sire of Lots 13-18

100% Fleckvieh. Homozygous Polled. Diluter Free.

Livia has a look about her that says she's going to make a great cow. She's deep bodied and stands on good feet. She looks to be making a very nice udder, which isn't surprising considering the udders we got from Keet's Dynamic 20D and BEE Vortex 12A. Livia's dam, Keet's Heart 4H, has a really good daughter out of Anchor D Raptor in our heifer pen and (according to our vet) a pretty good chance that she's carrying a heifer out of BMS Pol Atlantis. The Raptor heifer and potential Pol Atlantis heifer are the main reasons why a homozygous polled heifer like Livia gets to come to the sale!

Clearwater HP Knox 61K - Service Sire of Lots 11-18

100% Fleckvieh. Homozygous Polled. Diluter Free.

Lausanne's pedigree is very similar to Keet's Livia 33L. Sired by Fairview Evolution 318H, out of a Keet's Dynamic dam and a BEE Vortex grand dam. Evolution is one of the best footed bulls we've ever owned, a trait he passes on very well. Lausanne is dark red, long bodied, good footed and homozygous polled. The fact that we have a full sister in our heifer pen makes it an easier decision to bring her to the sale.

Exposed to Clearwater HP Knox 61K

Kindred Spirit Cattle welcomes you to Simmsational 2024. We are very happy to be back for our second year at this fantastic event. We'd like to thank all the buyers and bidders from last year and all who have expressed interest in our program over the years. We'd also like to thank the Transcon crew for their hard work and professionalism. We breed 100% Fleckvieh and Fullblood Simmental with a focus on producing performance driven, polled cattle. This year we have 7 heifers on offer, 2 horned and 5 polled. They come right from the top of the heifer pen. Many are bred to Anchor D Fabulous 245H who is a dark red, polled Radioactive son who's first set of calves sold very well. We've also added a new heifer bull to our program, Double G Lottery 61L, who is homo polled and dilution free.

Don't hesitate to reach out prior to sale day to chat or set up a viewing of the heifers. We welcome you to come by the ranch anytime to view the heifers. We are located 1 mile North of the junction between Highway 11 and 54, just Northwest of Lumsden, SK. We look forward to chatting with you.

100% Fleckvieh. Hetero-Polled.

Layla is smooth polled and an absolute pet. When you walk in the heifer pen, she'll always be the first to say hello and ask for a head scratch. What a complete package you get here. She's easy doing, deep bodied with excellent hair and pigmentation. She's the first calf to sell out of her dam, "Heidi", who is a powerful polled Ultra daughter. We've used alot of Rugged R Bellagio and have always been impressed with his calves. Layla is bred to Anchor D Fabulous which will be an exciting calf. His first calves to sell averaged \$9200. This could be an excellent return on your investment with a chance at a homo-polled calf.

AI'd to Anchor D Fabulous 245H April 4.

Well it's pretty hard to miss "Leia" when you walk in the pen. She's a true princess and painted up just right. She's fantastic and powerful heifer with excellent color and homo-polled as the cherry on top. Her dam's previous calf sold to Northern Light Simmentals and a full sister to "Leia" raised our high selling bull last year, Kindred Spirit Legend 11L, who sold to Short Grass Farms for \$17,500. "Leia's" calf will be very genetically similar to "Legend" as they also share the same sire. This will be a fantastic purchase and we are excited for her future owners.

AI'd to Anchor D Fabulous 245H April 4.

Lot 21

Kindred Spirit Helios 30H - Sire of Lot 21

Full Fleckvieh. Hetero-Polled.

Lois is a deep bodied, powerful, smooth polled heifer with some extra rib. She has excellent colour and a great coat of hair. She comes from a top end cow that we purchased a while back, who always raises a good one. Sisters to Lois have gone on to work for breeders like Mackenzie Skeels, Cold Creek and Westgold Farms. She's sired by the great Helios bull who we sold to Amuck Simmentals. Lois is the kind of heifer you know will raise herd bulls. Bred to Anchor D Fabulous for a calf that could put money right back in your pocket.

Exposed to Anchor D Fabulous 245H April 3-June 9.

Kindred Spirit Glasgow 8D - Sire of Lot 22

100% Fleckvieh. Hetero-Polled.

"Libby" is our youngest heifer on offer, but has done well for herself despite her age. She has tons of hair and great color on a stout frame, making her an excellent package to be a solid producer. Another example of how Glasgow puts his stamp on his calves and makes broody females. A full sister and very similar heifer sold well to Cold Creek a few years ago. A little bit of interesting breeding going back to Ezana who's calves have always been high sellers and have gone on to work in many top breeding programs like Anchor D, Black Gold, LaBette, Bonchuk, Northern Light and many others. This should be a fantastic matchup and we're very excited to see what Libby does for her new owners.

Lulu certainly has "the look". She's a smooth polled and moderate framed heifer coming from a first calver. She has tons of colour and eye appeal. Her dam is from a flush between, Rugged R Bellagio and Kindred Spirit Helga, who's cow family goes back to our foundation cow. There is lots of pigment in "Lulu's" pedigree going back to Bellagio and Fairview Philosophy. Bred to our no miss herd sire, Anchor D Fabulous, for what should be a dark red calf with a high probability of being polled; certainly and exciting pairing.

There's certainly some depth of body and power on the back end of "Lara". Her dam's cow family goes back to "Razzie 14U", who is without a doubt the most influential female to our program, raising our heavily used and well proven Ezana. Lara will make an excellent brood cow. She's bred to our new homo-polled, non-dilutor heifer bull, Double G Lottery 61L, who we bought from the great folks at Double G Simmentals. This is going to be a fantastic match up with a polled calf to boot.

"Lily" is out of Anchor D Franny who raised last years high selling female Kindred Spirit Kitty 21K, one of 3 heifers to head to Northern Light Simmentals. She's a younger heifer, but always performed well. She's cherry red with good markings. Her sire is Ezana who always makes outstanding females. She's bred to the new Double G Lottery bull for a guaranteed polled calf.

On behalf of all of us here at Pheasantdale Cattle Company we welcome you to Transcon's 47th Simmental Sale here in Moose Jaw. This year we are honoured to bring 6 extremely powerful females from the very heart of our replacement pen. Our 4 black blazed face females are each extremely attractive in their own right, our red blaze faced female is from one of our top donor females and our full fleckvieh female is out of our new donor cow.

We welcome you to the ranch any time for a coffee and to view the females we have on offer.

HOMO POLLED. HOMO BLACK.

If you're looking for a female that is going to bring a ton of capacity and depth to her offspring then Lady in Black is one that you need to take a look at. She is a female that is as wide as she is long. You have to admire her for her very feminine skull, refined neck and overwhelming donor cow presence. Lady in Black has a great set of EPD's, ranking in the top 15% of the breed for calving ease and top 10% of the breed in maternal calving ease. Her dam is a larger framed female that is extremely easy fleshing and has a fantastic udder.

LLW Card True North G71 - Sire of Lot 27

Lot 27

HOMO POLLED. RED CARRIER.

You want a flashy female to be the star of the show in your front pasture? Northern Lady 32L is going to shine the brightest. This bred heifer is very feminine about the shape to her head and neck, deep and robust in the centre portion of her body and sets down on a big set of functional legs and feet. Northern Lady and her momma were a part of the Futurity Champion Pen of 3 Cow Calf Pairs at Yorkton Harvest Showdown in 2023 where she governed lots of attention for her style and overwhelming capacity. Genetically speaking she's packing a punch being a daughter out of the many time champion bull LLW Card True North G71 and having names like the great NGDB Structure 34D and GCC Joys Elegance 199Y.

SERVICED BY: KWA Slider 196H on April 1, 2024. Exposed to Pheasantdale Bull 92H (BPG 1307975). April 21- May 31.

Blacksand Fearless 5A - Dam of Lot 28

Lot 28

HOMO POLLED.

Ms Blade 175L is a moderate framed blaze faced female out of one of our foundation flush females Blacksand Fearless 5A. She patterns her dam very closely, being long and deep bodied with an extremely wide top and excellent muscling. Ms Blade is structurally correct in her skeleton, all the way from her skull down to her sure foot and sturdy leg. Her dam has raised 3 sons to sell through our annual bull sale, 2 sons retained in our herd as herdbulls and 2 daughters sold through our 2018 bull sale to Wilson Stock Farms and KT Ranches.

Lot 29

HOMO POLLED. RED CARRIER.

Eaglette 136L is one of those females that you really don't want to part with but when you offer one of your favourite bred heifers in a group to be picked from you have to expect she's going to get chosen. She is by far one of the stoutest females we have ever offered and when you look at her, she screams brood cow all day long. The bone she is carrying is absolutely massive and all leads down to a structurally correct leg and solid foot. She ranks top 10% of the breed for weaning weight and top 3% for yearling weight.

Keet's Harlequin - Dam of Lot 31

Lot 31

HOMO POLLED. DILUTION FREE.

Harlequin is a dark cherry red double goggled 100% full fleckvieh female that is very broody and will make an excellent donor female. She has excellent length of spine with even more capacity than you could ever ask of her. She ranks in the top 10% of the breed for milk with a whopping 35! Her dam, Keets Harlequin 51H, who we purchased out of the Transcon's Fleckvieh Equation sale is fast becoming a favourite around the ranch as she transitions into one of our top fleckvieh donor females. Harlequin 86L's dam is sporting a flashy SVS Freedom 22F heifer calf this year which might just be better than her older sister.

Welcome to another year of the annual Simmsational sale. This is our 12th year consigning to the sale, and we are always excited to be a part of the sale and to work with a great set of Simmental breeders.

This year we are consigning 3 bred heifers from the top of our pen ensuring you can be certain that they will be productive and useful in your operation. They are backed by powerful cow families and industry leading bulls we are confident in, and we are excited for their futures.

If you have any questions about our offering, please do not hesitate to give us a call. We look forward to seeing and visiting with everyone in Moose Jaw.

Kyron, Kelsey
Embrie & Eva Manske

Offering Choice on Lots 37 and 38

Lot 37

We are offering choice on these two females as we feel they both have great things to offer in their own right. These Mandate females are starting to really show what this bull is capable of producing. They are deep bodied, easy fleshing and sound. The Mandate progeny all have great feet, and I am excited to see some of these females in production. 301L is a smooth made female and you have to appreciate the way she transitions through her shoulder and into her front end and clean skull. She's easy to handle and the girls can confirm she appreciates the hokey pokey dance

Bred Apr 4 to W2 Southside 2K (safe) exposed to East Poplar Sochi 2001K May 10-June 10

Lot 38

If you like them tanky then Chelsea is one to mark in your book. Easy doing and deep bodied like her mother. Wide through her hip and attractive on the move, this one has the potential to turn into a big-time producer. When Mandate sold in 2022, I was on the phone trying to get a semen pack before he was out the door after being sold. After seeing the way these females are developing, I am happy with the decision to use him heavily the last two years.

I would welcome you to the 47th annual Simmsational from Corner Stone Cattle. Thanks to Transcon for having us back for our second year! It's been a pleasure working with the entire crew and I greatly appreciate that!

We have brought out the top end of our bred heifer pen for your appraisal for a second year in a row. A couple of big powerful heifers and another that is bred for calving ease and maternal greatness. It's an exciting time to be in the cattle industry and we wish everyone all the best in the upcoming calving season.

If you have any questions about our offering please don't hesitate to call!

Kyle, Lindsay, Hannah,

MAF CF Tara 188D - Dam of Lots 40 and 42

Bringing out the very best is just what we have committed to do for this prestigious event. Tara's Louelle 46L may just be our best effort to date! I contacted the Aumack's after their purchase of Kindred Spirits Helios 30H. I wanted to try a flush of Tara to a high quality homo polled full blood and 30H was an easy choice. After harvesting only 3 embryos and implanting them Louelle was the only catch we had. She is long bodied, powerful, has tons of volume and rib shape with a perfect foot. Her beautiful udder development along with her unique pedigree make her a true foundation female prospect. On her face she wears a nice snipe "7" being the only chrome on her.

We retain the right to one future IVF flush within the next 3 years to be done at our expense and her new owners convenience.

AI bred Mader Folsom Prison 66L April 4, exposed to CSC Black Magic 9K until May 20.
In the vets opinion safe with a bull calf.

Lot 41

This female is a granddaughter of the immortal KWA Red Rock 5T that has positively impacted so many red programs around North America. Add in Spring Creek Liner 56U and Cobra on the top side and you can easily see the potential. 43L is a very clean fronted big bodied female. She is setting down a perfect udder just as expected. She is sound footed, extremely docile and has the big blaze to top it all off along with an impressive EPD profile.

AI bred to Mader Folsom Prison 66L April 4, then exposed to CSC Black Magic 9K until May 20.

Black Magic sold last spring as a two year old to walk the pastures at X-T.

A great opportunity here! Solid black Drake Poker Face daughter out of the Riddler donor we flushed with great success! The Poker Face females speak for themselves! Calving ease, excellent udders and sought after maternal genetics. This female is sharp fronted, nice headed and possesses that "look at me" attitude. The FBL Tara 188D female was flushed to 4 different matings before we sold her and they all worked extremely well. A full brother sold last spring to the Chell Doud family Ranch. We have retained a full sister that we have flushed as well. The udder quality on 45L will be second to none!

AI bred Mader Folsom Prison 66L April 4. Then exposed to CSC Black Magic 9K until May 20. In the vets opinion safe with a heifer calf.

Garth and Audrey Fisk

On behalf of us at Silvercreek Simmentals we welcome you to Transcon's Simmsational 47th Annual Simmental Sale. The bred heifers we are offering this year are from the very heart of our replacement pen and 2 females we believe will be excellent producing females in the future.

With Garth having knee replacement surgery at the end of October, the heifers are at Pheasantdale Cattle Company and they welcome you to the ranch anytime for viewing.

Lot 43

HOMO POLLED

SCSF Red Chloe is a beautiful medium framed female that is very clean in her skeleton. She may be lighter red but don't let that deter you from taking a closer look at this female. She stands on very solid, sturdy feet and she is very structurally correct while in motion. You have to appreciate Red Chloe for the depth and overall capacity that she holds within her frame. Her maternal sibling sold last year to Lil Chicks Cattle & 82 Cattle Company of Austin MB.

Serviced by Springcreek Maverick 48H on March 26.

Exposed to Silvercreek Black Affinity 13K; April 16-May 16.

SCSF Ms Red Affinity 6K - Maternal Sister to Lot 43

Lot 44

HOMO POLLED

If you were looking for a dark cherry version of Red Chloe 38L, look no further than her maternal relation SCSF Chloe's Affinity 30L. This bred heifer has all the right things packaged in a smaller dark cherry red frame, deep bodied, wide topped, feminine head, excellent structure with great feet. Her grand dam is one of our staple cow families around the farm, McIntosh Chloe 7V, which we were honoured to pick during Canadian Western Agribition's pick of the barn in 2011 from Blair & Steph McIntosh of Macintosh Livestock.

Serviced by Springcreek Maverick 48H on March 25,

Exposed to Silvercreek Black Affinity 13K; April 16-May 16

On behalf of our family we would like to welcome everyone to the 47th Annual Simmsational Sale. This is our third-year consigning, and we are once again excited to consign along with such a great group of Simmental breeders.

The two females we have on offer this year come from some of the top cow families within our herd. They are a strong example of what we strive for and we are confident that these two will go out and work for any operation!

Please do not hesitate to reach out to either Darrel or Jenna with any questions. We look forward to seeing and visiting everyone in Moose Jaw on December 12th.

Darrel, Jenna, Ava & Jace Timm

Lot 47

We love these Bank Roll daughters, and this heifer is no exception. She is as easy doing and structurally made as they come. Miss Sweet Maria is an honest made female expressing a great combo of style and power. She is a true favorite in the bred heifer pen which makes her a hard female to let go. Bred to the exciting True North sire, her first calf is sure to be a great one!

A.I Bred to Truth North on April 30th. Safe. No exposure.

When we had the opportunity to purchase Snowdame Jordan semen from Hoffus Farms we knew there would be some exciting offspring. Miss Jordana is our first red blaze heifer out of him and has been easy doing since day one. With her half sib making quite the appearance this summer on the show road, we believe these Jordan offspring are just starting to make their impact on the breed. Jordana is a foundation cow in the making and an opportunity we feel is very exciting.

Onyx 451W - Dam of Lot 49

Lot 49

This females pedigree truly speaks for itself, we have wanted an onyx daughter for so long, when the opportunity happened to acquire Onyx x Captain Morgan embryos we jumped and 310L is a beautiful outcome of that. Not very often does this cross throw a red one but we got lucky. This heifer very quickly earned favorite status around here; she screams power but still with an elegant look to her and is one we never thought would leave the farm. BLF Onyx is going to turn into a fantastic cow and will help advance anyone's herd, our loss is your gain!

BLF 310L was pasture exposed to Boss Lake Night Hawk 904G from April 11th 2024 to June 1st 2024, confirmed pregnant 6 months on October 22nd 2024.

With our small herd of 30 cows we only had 4 heifer calves this year, due to this I swore I was not selling any heifers calves but we wanted to bring one from the very top of our keeper pen so here we are. 403M is a very powerful Bankroll 804F daughter and one we think very highly of. Her dam is a cow that never misses, every year we get very consistent quality calves and she's done it again with this black baldy. 403M's sire, DBD Bankroll 804F is a huge powerhouse bull that produces reliable daughters with great maternal instincts; don't miss your chance to purchase an 804F daughter.

Welcome to the 47th Edition of Simmsational. We are proud to say our family has been a part of this event for a large number of those high profile sales over the years with a great group of consignors. In more recent years, we have selected two females to represent our breeding program, and the two we will feature this year may be the most exciting to date. Strong, productive cow families built around longevity and structural soundness are what we are most proud of. These two heifer calves will both be ones to build around in the future.

Feel free to contact us for further information on our offering, and we look forward to seeing you on December 12th.

Here is something pretty special! This will be one of the very first daughters available off of the RF BOOMER bull that was the high seller from Rancier's in 2023. He has left a tremendous set of calves that exhibit unmatched depth of body, spring of rib, overall mass and sound structure. This heifer has been a standout from a very young age, and it was a debate all summer whether we could offer her for sale. Out of two black parents, and stemming from one of our very best cow families. A maternal brother to this heifer was our high selling bull last year, and both the dam and grand dam to this heifer are two of our most consistent producing cows. We have never offered for sale a female from this family, and both the quality and unique pedigree this heifer offers is a tremendous opportunity. If you are serious about adding a female that will be one to build around, look no further!

A female that was a standout all summer, out of a first calf heifer that was a feature bred last fall from Erixon's at the Border City sale. This heifer patterns very similar to her dam with a beautiful head and front third, tons of depth and capacity, along with lots of eye appeal. Her dam has developed into an excellent female to this point, with a picture perfect udder. Look for this angular, broody heifer to develop into an impressive bred and even better cow down the road. She is Homo Polled by parentage and Hetero Black, with a pedigree featuring a few of the most consistent bulls in the breed. Look for this heifer to make a big impact on your program.

The Aumack Family

This is our first year selling heifers in the Simmsational Sale and I am excited to be joining a great group of consigners that some I have known for years and some I'll be meeting for the first time.

We have got to know the Transcon team with this coming year being our eighth year selling at the Advantage Sale in Saskatoon. I am also excited for the invitation to sell in this great sale.

I am bringing heifers off the top of our pen and look forward to your appraisal.

Thank You!
Russell

S and S Simmentals run a small herd of 40 cows a hour and a half north of Yorkton. We haven't been selling in consignment sales for quite a few years but feel we need to start selling some good females again. Our land base and pasture available limit the numbers we can carry. And with a deep heifer pen this year again we'll bring a couple from the top of the pen.

Another good baldy heifer that puts it all together. Lots of capacity while still staying very feminine. Excellent udders go back a long way in this pedigree. Another good heifer to build a cow family around.

GIDSCO Silks - Dam of Lot 58

Terms and Conditions

TERMS - The terms of the sale are cash, cheque, e-transfer, or wire and are due at the time of sale, unless other arrangements have been made between buyer and seller prior to the sale. Transcon reserves the right to charge interest at a rate of 2% per month on overdue accounts. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for their purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. Transcon Livestock Corp and/or the Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.

BID - No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted.

SALES TAXES – Applicable sales taxes will be charged on semen, embryos, and trucking fees (if listed), respective to the home province of the buyer, not the seller.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

INSURANCE – Each animal becomes the risk of the purchaser at the time of sale and should be insured. Animals returning to the seller's farm must be insured.

US BUYERS – There is an additional charge (approximately \$300.00 US dollars) that will be applied to each animal purchased. This covers documentation, vet inspections/testing required to export. This cost does not include transportation or brokerage which is the responsibility of the buyer.

CATTLE PICTURES AND INFORMATION PROVIDED - The images in this catalogue are believed to be accurate representations of the individual animals and the information contained in this catalogue is provided by the seller and believed to be true and accurate. Transcon Livestock Corp. and catalogue designers/producers assume no responsibility if the images and/or information as received have been altered or is inaccurate.

ANNOUNCEMENTS – All announcements from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - A registration/recordation certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

BREEDERS GUARANTEE - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price. **EXCEPTION TO GUARANTEE** - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

HEALTH - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

EMBRYO & SEMEN – Full settlement must be made before release is done and shipping arrangements should be done within 30 days of the sale unless arrangements made between buyer and seller prior to the sale. Shipping arrangements and costs are the expense of the purchaser once release has been given.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

TRANSCON LIVESTOCK CORP. IS AGENT ONLY - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations. Neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties. Any legal action that may be taken, in exceptional cases, must be between buyer and seller. disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.
